HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

RUN NO: 2053 DATE: 13/11/2017 HARE: Ryvita LOCATION: Kallangur

The run of the Virgins er would you believe Virgin run? Ok what about Virginia the suburb? Would you believe a run in virgin territory, Kallangur?

I walked into the banta of the Northside hashers just as it was realised that I was doing a "Macarthur" once again. This Northiders gave me warm feeling, but we had to cut the tearful reunion, it was time to On On. Ryvita came out (of her house) looking as vibrant ever and let us know we were embarking on virgin territory. So the pack of walkers and runners were off with intrepidation on this virgin trail. Even some of the markings reminded us of virginity.

The trail was well marked and those of us who hadn't been in this area for a while, were virgined by the new bike/walkway (top marks). The walkers had a few checks, encountering roundabouts, laneways, hills and a labyrinth of suburban streets. After about an hour, the runners and walkers were together, but lost and confused. Cheesy started talking about using a GPS, when the trail was suddenly re-found.

The four die-hard walkers, Vampire, Wrong Way, Sherbert and Pizza were trailed by another and were delighted to learn that we still had another 25 minutes before On Home. This made us appreciate the refreshments of hash home even more, cold stubbies worked well on our injuries.

The circle began with the returning GM being annointed and was duly dubbed "Back" (I always thought he was Pounda).

Pounda was calling and calling for the hare, eventually a dark haired teenager appeared. She had me believing she was an old girlfriend coming back when my hopes were dashed by the GM telling her to face the music and stand in the middle. Ryvita then tried to convince us that Ten Fingers was the hare, but the stern GM wouldn't buy it.

The **Run Report** as told by **NED**

Ned was sounding exhausted as he described it as around and around and up and down with steps with half an hour here and half an hour there, while they had a look around. Ned thought it was lucky for Ryvita being dressed in a masquerade thingy so we couldn't recognise her.

He still said, "well done", giving her score of 8/10000.

The **Walk Report** as told by **Wrong Way**:

Wrong Way said "do you seriously want a walk report? It was f#cked"

Ryvita told us she tried to run to the laneway and tell the walkers where to go but the walkers were too fast.

Score: - F#cked. Not a virgin territory, just f#cked.

The **Security/Letterbox Walk Report** as told by **Chunda**

Chunda – F#cked

Score 0/0

Shitty trail was sung by Flower. GM deemed it was unanimously f#cked.

The blame was put on Ten Fingers.

General score – F#cked

Nosh was delicious - pasta mince and salad with crusty French bread.
