HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

RUN NO: 2033 **DATE:** 26/06/2017 **HARE:** Boxy **LOCATION:** Upper Kedron

Boxy's passage was deep, dark, damp but not virgin territory - some bugger had marked up the best route.

Your scribe was not at the prelube, arriving 4 minutes after the setoff, but with fabulous marks and cries of On On heard from afar, the pack was quickly found, just in time to join the last of the queue of chaps waiting for their go at **Boxy's** passage. It was then obvious that one of two things had happened – either **Boxy's** run was on the men only pages of Tinder or we'd been joined by the Men's Hash.

Boxy's secret passage was dark, it was damp and thanks to the Men's Hash it was packed. We spread our legs, put our ankles at an awkward angle, bent slightly forward and ploughed on through the boggy wonderland. The underground adventure wound merrily along for nearly half a kilometre, **Boxy's** passage exceeded expectations. The above ground part was a bit of fun too – shiggy, hills, all the good stuff and nobody was lost!

Back at the gazebo we were relieved to see that we wouldn't have to share the chips, the Men's Hash had continued on to their own Circle, probably best because they find it hard to control their animal desires and our Harriets are particularly gorgeous – so are our some of our blokes.

GM Pounda backed up to the heater, called the circle and summoned the **Hare Boxy**.

The **Run Report** as told by **Overproof**:

Absolutely awesome, nice to be joined by the gay hash occasionally, nothing like 30 men breathing heavily to make a man run faster, especially when bending over in the tunnels.

Score: 10/2000

The **Walk Report** as told by **Smooth Ride**:

It was dark and she didn't see any arrows – she didn't do the walk. Didn't do the Letter-Box walk either.

Score: 2/3,000,000 for the chips

The **Walk Report take 2** by **To and From**:

Great walk, especially the tunnels, excellent company walking with tonight's virgin (more on that later).

Score: 2/3,000,000

The **Letter-Box Report** as told by **Wrong Way**:

It was awesome because she was with **Heartstarter** who also letterboxed tonight. **Killer** led the charge of the letterbox walkers.

Score: let's give it 1/1,000,000

Total Score: 15/7,002,000

"There's a skeeter on his "heater" wack it off..."

HASH RELIGIOUS ARTICLES

Large Appendage: Asshole Dick Fart has the large appendage, not present.

Small Appendage: Abo won this last week for the most spectacular fall within the shortest (smallest) period of time as we were about 10m from the house when he cartwheeled over a manhole cover in the road. **Abo** awarded it this week to **Mustang** for falling over in the carpark before the Hash even started. **GM Pounda** said there's too much competitiveness in this club, people are going to start falling over before they even come to Hash.

"There was a Harriett and she was dumb and bimbo was her name-o..."

"Suck, swallow, breath..." "Why are we waiting..."

Scrubber Shirt: Tail wasn't present, carried over to next time.

Brush (Vagina): Semen Stains awarded it to **Boxy** for causing abuse to her backside on the run, having used muscles in the tunnels that haven't been used before.

"He wanks his crank..."

CHARGES:

Pickpocket charged **Overproof**, they were waiting for the Men's Hash, a car approached headlights blazing and **Overproof** said "oh there are the runners over there".

"Last night he stayed at home and masturbated..."

GM Pounda called out **Pickpocket** and **Thunderbox** because while waiting for the Men's Hash, these two ran off to the end of the street and couldn't find the next arrow. The Men's Hash arrived, the pack set off and their "lost arrow" was about 5m from where these two were looking.

Just goes to prove it does make you blind.

"Why were they born so beautiful..."

Late Charge at the end of the circle.... **To and From** charged **Semen Stains** with wearing a hat in the circle, it was a beanie and my ears were so cold that I was happy to take a charge to keep it on!

"She's a Harriet and she's alright..."

(**Semen Stains** and **Shredder** struggled to remember a charge they wanted to make against the **GM** but their memories failed them, however.... as a late entry, it was **GM Pounda's** comment while pounding up **Boxy's** passage, that bending over made his bum hurt. Apparently you get used to it if you do it often enough.)

Visitor:

The lovely **Sharon** claimed that **Shredder** made her come (how much did he pay her to say this?), **Cheesecake** said he's punching way above his weight. She's a real looker and even has a pulse.
"Four and twenty virgins came on the Northside Hash..."

Returnees:

None.

ANNOUNCEMENTS

Cheesy's Challenge happened Sunday 25/6/17, **Cheesecake, Overproof, Pounda and Floater.**

Overproof reported that it was awesome, they had horses, motorbikes, beautiful scenery, coffee, pies and beers at the end. **Cheesecake** said those who missed the pain missed the pies. A buddy check was done and all were wearing their helmets the right way around. The ride was 80km, with two mountains. Overachievers added on extra travels to that.

The Hash lunch has been postponed as not enough people could make it to either 1st or 8th of July, will aim for a date later in August.

Camping weekend will be on October 14 2017.

Wrong Way is having her 21st birthday do-over on Sunday 30 July, all invited, address on invitations.

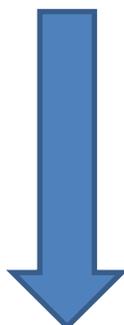

NEXT WEEK'S RUN #2034

Flasher's run, he wasn't present – either he's still hungover or he hasn't been bailed out yet.
40 Camelia Ave Everton Hills

*Shit-Sue your roast pork rolls were divine!
(Apologies if I've spelt your name incorrectly.)
They were the perfect kai to distract us from our cold ears and wet feet.*

The Evidence

The Harriets and a willing stand-in while the Men's Hash are with us.

Mustang's injury – ouch!

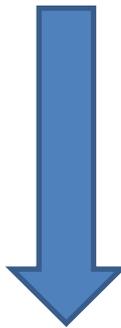

B1 still plays the sweet card when looking for hugs from the Harriets – just like his dad **FIGJAM**.

The lovely **Sharon** and the overachieving **Shredder**.

More...

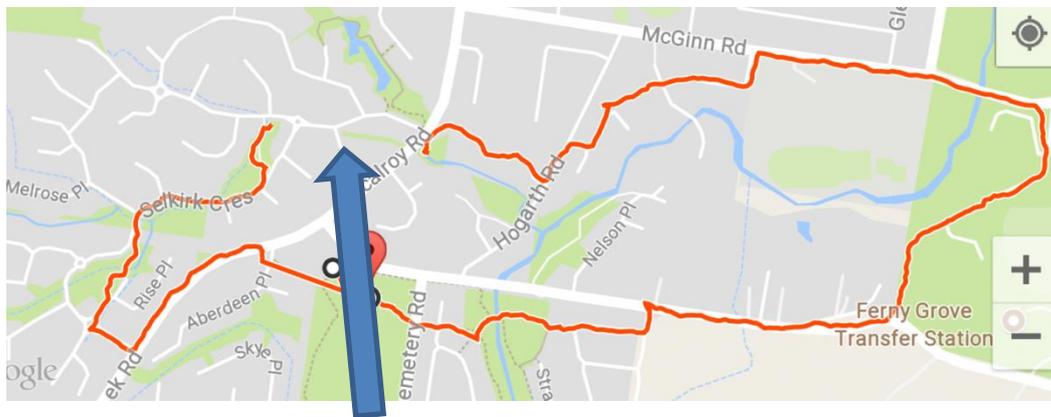

GM Pounda at the end of the tunnels.

Is this fence supposed to discourage Hashers?

A soggy ending.

No GPS signal inside Boxy's passage.

"To prevent a heart attack, take one aspirin every day. Take it out for a run, then take it to the gym, then take it for a bike ride..."
