## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

**RUN NO: 2037    DATE: 24/07/2017    HARE: Ten Fingers    LOCATION: Kallangur**

**Delicious food mysteriously appears on the table. Can Ten Fingers cook?  
 (Not really, but Vampire and Generic can!)**

Ah Kallangur, how our knees have missed you. Kallangur... where the roads are paved, the footpaths are wide, and fallen palm fronds leap up from the shadows to tango with careless Hashers running by.

The run was only 45 minutes and just shy of 6km, flat and level (the only mounds were on the Harriett's chests), it was such a gentle meander that we wondered if we were on the walkers trail? If the walkers were on the runners trail, goodness only knows what torturous extremes they were being put through. But all was well and the runners breathed a collective sigh of relief when we returned and found the walkers were all back already, with barely a bead of sweat between them.

**Ten Fingers** had a raging brazier going on the back terrace and the manky BO from the sweaty runners cleared some room and they snuggled up around the flames, dried off and drank anaesthetising amber liquids. The walkers were in good spirits, having enjoyed a slightly different ~~foot~~ route this time to the one they usually have at Ten Fingers' place, nice to see he still has a creative ~~bone~~ bone and isn't afraid to use it.

**GM Pounda** called the circle and summoned the Hare **Ten Fingers**

The **Run Report** as told by **Scrubber**:

Not much of a f\*cking run, f\*ckall checks, f\*ckall regroupings and f\*ckall of a run the second half where we went over towards Murrumba Downs, couldn't f\*cking set a run to save your life.

Thank you, said **Ten Fingers**, you made my day! I knew that if I set a run everybody would whinge! Hooray! And the crowd cheered. We do adore our Ten Fingers (can't wait to find out how **he** got his name).

**Score:** -2/35,007

The **Walk Report** as told by **Kuntree Gal**:

No checkbacks, no false trails, lots of chalk, a great walk.

**Score:** 2/15,000

The **Letter-Box Report** as told by **Killer**:

Did a Letter Box and a Half, went out to Anzac Avenue and back again, over achiever!

**Score:** 1/1,000

**Smooth Ride** was asked to back up **Killer's** report, she said they were on trail at times, two arrows in the same street as home doesn't really count Smoothy, but apparently the Anzac Avenue tale is true.

**Score:** 4/10,000

**Total Score:** 5/61,007

"We're glad you've finally set a trail, you're always bloody bitchin'..."

#### HASH RELIGIOUS ARTICLES

**Large Appendage:** **Ten Fingers** awarded it to **Flower** because at the run at **Shredder's** place **Ten Fingers** put the Big Prick down to get his meal and **Flower** promptly picked it up and put it in her bag.

"She's a Harriett and she's alright..."

**Small Appendage:** **Wrong Way** has it, not present. She wants to keep it a bit longer, it's her birthday soon.

**Scrubber Shirt:** **Tail** awarded it to **To and From** because she wished he could have worn it on the cruise.

"Do your balls hang low, do you swing them to and fro..."

**Brush (Vagina):** **Flower** awarded it to **Scrubber** because it also has a dummy on the cord and he spat the dummy so much, bitching about the run.

"Take it in your hands Mrs Murphy, it only weighs a quarter of a pound..."

**Visitors:** No visitors this week.

#### Returnees:

**Kuntree Gal** and **Fakarwee** have been away on the boat, had visitors (like them so didn't bring them to Hash) and are heading off on the boat again soon.

"Oh where, oh where, oh was you last week..."

**GM Pounda** charged **Cheesecake** and **Chunda** for both being away sick at the same time and getting better at the same time, obviously sharing germs and remedies in some way.

**Generic** has also returned this week, she's been coasting up and down, or up and down the coasts.

#### Namings

**GM Pounda** called Sharon forward and told her to get on her knees. She did as he asked so, thinking he was on a roll tonight, he called Sue forward as well. With two brazen broads got on their knees in front of the kennel, **RA Chunda** poured cold beer on Sharon's head and named her **Night Owl** because apparently she is open 24/7 like the shop of the same name. **Shredder** tried to look innocent but methinks he's been involved in this somehow. **RA Chunda** then washed Sue's hair with beer and named her **Tap It** because apparently her husband likes to do the same.

"Here's to sister hashers..."

Welcome girls! Nice to have you along.

## CHARGES:

**FIGJAM** charged **Night Owl** with complaining that there wasn't enough wine then spilling a glass of it on the floor. "She's the woman who wears the hash shoes..."

**GM Pounda** charged **Fakarwee** for trying to keep his birthday quiet. **Fakarwee** said that any hashers over 70 years of age shouldn't have to stand up in the circle. **Smooth Ride** said that anyone over 70 years of age needs to get it up whenever they can, **Kuntree Gal** agreed. (**Fakarwee** returned the favour later when **Smooth Ride** said she gets it up on the website as soon as details are given to her, **Fakarwee** said he'd heard someone of her age should get it up as often as she can.)

## Name of the week

WELL OBVIOUSLY YOU KNOW IT'S CHUNDA, our **RA Chunda** yelled into the phone recording the circle, thanks for that mate. **RA Chunda** was introduced to Hash by **Dog** who was his neighbour and in those days **RA Chunda** was a bit keen on his beer. Not needing to drive home but only to only roll across the road, he overindulged a little on his first night and before the night was over he'd brought the whole lot back, rivers of it, with peas, carrots, chunks of spleen and gizzard, and we all know that such a display is rarely, if ever, forgotten at Hash. And so **Chunda** was named.

**Boxy** made apologies for **Cousin It** for not being here again this week, he wanted to ask the circle why the Swedish ships have barcodes on the side? Apparently it's so that when they return to home port they can Scan-de-navy-in.

## NEXT WEEK'S RUN #2038

**Sherbet's run**, Barrett Street Park near the corner of Barrett and Pangarinda Streets, Bracken Ridge.

PLEASE NOTE: Sherbet asked me to mention that it is **NOT** a Christmas in July run.

(Now that it's been clearly spelled out in the trash, if anyone asks you, tell them it is indeed a Christmas in July run and we'll have a good chuckle in the circle at their expense.)

*We love a good whinge Ten Fingers, but we all think you're an absolute champion... but not for the run, for convincing Vampire and Generic to cook for you!!*

**PHOTOS ON THE LAST 2 PAGES.....**

## The Evidence

Welcome to Tap It and Night Owl, formerly a pair of top sheilas, now a duet of fabulous Northside Harrietts.

Arsehole Dick Fart offering a shoulder to Semen Stains after her palm frond injury. Sherbet and Smooth Ride positively glowing after their invigorating ~~root~~ route at Ten Fingers' place.

We can all see Ten Fingers firmly gripping the large appendage, but where is Killer's left hand....

Flower remembering how long Cousin It had the large appendage and pondering if straight bleach will clean it well enough.

Simpleton wondering what he's got on his shoe, Shredder wondering if Night Owl will drive so he can have another beer...

The Fonze: Aaaaay  
Chunda: Blerk  
Both cool dudes
