HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

RUN NO: 2047 DATE: 2/10/2017 HARE: Calendar Girl LOCATION: Murrumba Downs

The heavens opened up run.

A medium sized pack of 17 hashers gathered at **Pounda & Beat-a-Root's** house at Murrumba Downs for **Calendar Girl's** run. At 6.30pm, the **GM** called hash quiet and proceeded to explain that there was no trail set for the walkers as he had set the trail for the runners and it had rained while he was setting the run and washed the trail out. So the walkers were told to walk down to the river and back instead. The elite runners (4 in total) were then led on a live hare run by **Pounda**.

The run had everything that could be thrown at the pack including 3 way checks, false trails and re-groups. **Pounda** led the pack on the actual trail that was set earlier in the afternoon and surprisingly enough there were still some arrows that had not been washed away. The pack managed to stay together until the last kilometer when the heavens opened up and dumped 6 months rain on the runners in about 5 mins. All made it back to the bucket safely, although very, very wet.

Hash Cash **Boxy** called the run count, before the **GM** called the circle and summoned the hare **Calendar Girl** to face the music. The **GM** was happy because even though he had set the run, he couldn't be blamed if it was a shit run because officially it was **Calendar Girl's** run.

The **Run Report** as told by **Overproof**:

Overproof said that it was a very **MOIST** run with a bit of **BUSH** and was very well marked with **Pounda** pointing out where the arrows were before they got washed away.

Score: 5/10,000

The **Walk Report** as told by **Sherbet**:

Sherbet was called upon to give the walk report and said that there were heaps of bloody toads. **Pounda** said that he had to mark the walk with something that wouldn't wash away, so he used the toads instead. Overall **Sherbet** said that it was just ok, as she nearly got run over at the round-a-bout by some fool doing doughnuts in his overpowered hairdresser's car.

Score: 1/1050

The **Letterbox Walk Report** as told by **G Spot**:

G Spot said that he crossed a road twice. He went to the round-a-bout and back.

Score: unknown

The **Security Report**: - No **Security** report was given tonight.

Total score of 6/11,050.

"She's the woman who wears the hash shoes...."

HASH RELIGIOUS ARTICLES

Large Appendage: The **GM** said to **Flower** that he believed that she still had that. The reply was "to fucking right I've got it" and awarded it to **Sherbet** for over-achieving on the walk. Apparently she was the only one that did the whole walk. I'm still wondering how that was possible seen how there was no walker's trail set.

"She's a Harriette and she's alright...."

Small Appendage: This was missing in action with **Pick Pocket**.

Scrubber Shirt: **Calendar Girl** had this and awarded it to **FIGJAM** for instigating a prank on **Kuntry Gal**. **Pounda** rushed in to say that he had to go, that **FIGJAM** was involved in an accident on the highway in **Kuntry Gal's** car. After worrying about the damage to her car, she did inquire about how **FIGJAM** was.

"Bullshit, it's all the band could play....."

Brush (Vagina): **Heart Starter** returned with the brush after taking it on a whirl wind tour of the Northern Territory. She awarded it to **G Spot** for thinking that he is so important that he needs to stand right in the centre of the circle.

"Has anybody seen his brush...."

Paddle (Penis Sizer – this is a new award): This was missing in action with **Ned**.

Milestone Runs: - **Heart Starter** – 100 Runs (The **GM** forgot to acknowledge this during the circle so we will get her next week)

Returnees: - **Kuntry Girl**, **Farkawee** and **Heart Starter**

Visitors: - Nil

CHARGES:

The **GM** charged **Ten Fingers** as a proxy for **Abo**. It's a well-known fact that it does not rain during a hash run. But tonight was a different story and **Ten Fingers** paid the price.
"He's substituting, he's substituting, he's really fucking dumb...."

Wet Spot charged **Farkawee** for using the excuse that the zipper on his rain coat was broken so that he could get two Harriette's to play with his thing. I don't know what they were playing with but I sure do hope it was his zipper and not his thing.
"He's the meanest, he sucks a horse's penis...."

The **GM** charged **Wrong Way** for putting a call out on Facebook for a girl's night out. But it appears that she has no friends as no one replied so she went out by herself to try and find some friends instead.
"There was a Harriette and Bimbo was her name...."

As there was one more down down left and no one else had a charge, **Ten Fingers** was summonsed to face the music. When there are no charges we charge **Ten Fingers**.
"Well is isn't long and it isn't thick...."

HASH NAME:

Kuntry Gal – Kuntry had been to hash about 8 times and Baggins wanted to name her Geisha Girl because he didn't know how someone could come 8 times and still be a virgin. But after learning that she came from Kingaroy and tossing around a few peanut names it was decided that she would get Kuntry Gal instead. Kuntry was very happy about that.
"She outta be publicly pissed on...."
