HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

RUN NO: 2071 DATE: 5/3/2018 HARE: Shreddar & Night Owl LOCATION: Windsor

Welcome to the North Sydney suburb of Windsor run.

A large and enthusiastic group of hashers gathered at **Shreddar's** house in the North Sydney suburb of Windsor, for what promised to be an exciting run full of hills, more hills and stairs that go on forever. And the pack were not disappointed as they got everything that they were promised by the **Hare** and some. I had some more company in the security tonight with our **RA Chunda** being injured and the **Hare** himself not going on the run as he returned from setting the run at 6.29pm, just in time to set the pack off. After an hour and 15 minutes the runners all made it back, with some of them shaking their heads furiously at the **Hare**. **Hash Cash Boxy** called the run count and the **GM** then called the circle and summoned the hare's **Shreddar** and **Night Owl** to face the music. **FIGJAM** was also called into the circle as he had helped to set the walk.

The **Run Report** as told by **FIGJAM**:

FIGJAM was asked to give the run report as he was doing most of the head shaking towards the **Hare**. He said that for a bloke that doesn't like to go to Sth Cairns, he had managed to send them as far as Bundaberg. He said that **Shreddar** had missed a hill, just one as he found every other one around the area. Plenty of chalk, plenty of regroupings and a hard run.

Score: 5/10

The **Walk Report** as told by **Meatlovers**:

Meatlovers said that there were no hills but they managed to find some anyway and it was well marked. The crowd then erupted and asked if he had done the same walk as them. He said that he thinks he was on the same walk but wasn't sure and enjoyed it anyhow.

Score: 8/10

The **Letterbox Walk Report** as told by **Smooth Ride**:

Smooth Ride said that it was so good that they did it twice.

Score: 8/10

The **Security Report** as told by **Pounda**:

Pounda said that the security was very good with excellent company.

Score: 10/10

Total score of 31/40

HASH RELIGIOUS ARTICLES

Large Appendage: Tail had this and awarded it to **FIGJAM**. **Tail** said that **FIGJAM** knows why and that he could tell the story. **FIGJAM** put his car keys down and couldn't find them. Great concern was had for the lost keys. Not because **FIGJAM** couldn't get home or couldn't get into his house, but because the Hash booze was locked in his car. Many ways were discussed on how he could get into his car, including phoning VW Australia to send out a technician, but just before they had decided on putting a brick through the window, the keys were found. It appeared that they were put inside the house for safe keeping.

"Has anybody seen his cock, his big Rhode Island red..."

Small Appendage: Smooth Ride had this and gave it to **Thunderbox** because she had seen him walking around in his jocks and thought that he could do with something a bit bigger.

"He's the meanest, he sucks a horse's penis..."

Scrubber Shirt: Heart Starter had this and gave it to **Ten Fingers** because she was walking along and heard him telling **Meatlovers** about the AGPU. But got every single detail wrong.

"He's a Harriette and he's alright..."

Brush (Vagina): Meatlovers had this and he remembered to bring it this week. He gave it to **Smooth Ride** to keep her new house clean with.

"Take it your hand Mrs Murphy..."

Paddle (Penis Sizer): Wheelbarrow still has this and is probably still trying to work out what to do with it.

Birthdays: - **Smooth Ride** had a birthday during the week although she claims that she didn't. It appears that **Smooth Ride's** birthday is actually the 29th of February, but this year not being a leap year, she reckons that she didn't have a birthday this year and in fact she is only 16 years old.

Milestone Runs: - **Pounda (200)**

Returnees: - **Kimasutra.**

Visitors: - **Nil.**

CHARGES:

Chunda had a charge for the **GM** and seen as how **Shreddar** was chosen as **Pounda's** proxy due to **Pounda** not being able to drink at the moment, **Shreddar** had to have another drink. **Chunda** was returning **Pounda's** water bottles of his bike that he lost when he had his bike accident. In **Pounda's** defence though, he said that his bottles were stolen off of his bike, but due to him lying on the road in pain with a busted back, he couldn't at the time get up off the road to stop **Chunda** taking them. He had wondered they didn't come back with the bike.

"Here's to brother Hasher, brother Hasher...."

FIGJAM charged **Mammary Stick** and **Smooth Ride**, it appears that they don't know that FT on the ground means False Trail. **Mammary Stick** said that she thought it meant Fabulous Tour.

"They're stupid, they're stupid...."

The **GM** then asked if there were any more charges. No one said anything so **Ten Fingers** was called out to take his medicine. When no one has a charge, we charge **Ten Fingers**.

"Here's to this prick, he's true blue...."
