## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

With the weather turning on a beautiful evening at the foreshore at Sandgate, a rowdy bunch turned up to enjoy Struc Fuc and Smooth Rides' Run 2206. A brisk breeze and a casual wave sent the pack on their way at 6.30 pm.

The promise of no hills was honoured and apart from some confusion for the walkers at one point, which told the Runners where to go but left the Walking Not Dead to mill around for 5 minutes seeking forward guidance. Electing to follow the Runners' Trail, the WND soon were pacing it out on the leafy streets of Frogs' Bottom Sandgate.

Arriving back at the Bucket at 7.11pm had most wondering where they had short-cutted... "Who cares and where's the beer? Was the cry.

GM Hearstarter called the rabble to order where she announced that Sex Change was to be our new RA as it had become obvious that Picaninni was now in lockdown in Melbourne (why else would a BNH3 runner not attend?).

Killer was called upon to give the run number "2033" and promptly had to drink before Hares Struc and Smoothie were called forth to atone for any kucf ups regarding the run.

Abo gave the run a 5/10 for being short and well marked.

Jake the Peg gave a walk report and said his train journey to Sandgate took much longer than the run but at least there were no sand or gates. 1/10.

Visitor Snow White (who Flower had named at Thirsty) was welcomed and Returnees Dog and Pithy are now safely back in the loving embrace of the BNH3 (eerrk).
