

RUN 2345

Well what a night it was last week, Cold wet and a small but Fantastic group. The hare B1 was a live hare and set off ten minutes before the rest of the pack. Fig Jam and myself staying back to get some kai on and bring up the nibbles. As we are doing so Smoothride and Illegally Blonde start walking up the driveway. B1 turns up still with his shorts on as no one could catch the jack rabbit, just after he comes in the heavens opened up. The one and only runner being Cheese Cake come in wet as a shag followed by the walkers Dog and his trusty side kicks his two little dogs, Titus and Structure Fucker wad there way in, B1 being the young and caring person he is asked should I go and look for the rest. We said no because we don't if they get wet and they should know how to find their way back, also we care that the beer is here. The last but not least to get back was Ten Fingers not to wet because he had an umbrella bloody big girl.

Circle: GM calls everyone up, run report done by Cheesie, well he goes did u run out of gyprock. Gave a score of 6/10. Dog did the walk report asked where the hell did the meant to go and gave it a score of -11/10. Total -5/20. Thing about B1 was he knew where he was going and didn't put an arrow on a corner so what a Ding Dong, get it Bloody right I think was the call. Chargers: there was a few but I cant remember so stiff shit. Awards: I Believe Dog got two and I can't remember the rest, so stiff shit again. Great Kai and a great night had by those that came out on a cold and wet night. Illegally Blonde had the chance to try out the massage chair liked it so much stayed in it for the rest of the night.

No Photos but we will get onto that this week. This weeks run is at Huxtable
Park Dundalli St Chermside West. Hare is Tail. We need some more people to PUT their
names down to be Hare after Ten Fingers run. On On Chunda.
