HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

RUN NO: 2078 DATE: 16/4/2018 HARE: Chunda

LOCATION: Petrie

Chunda's run around the block, or two or three of them anyway.

A good sized group of hashers gathered at **Chunda's** abode in Petrie for an adventure like no other. At about 6.20pm **Chunda** arrived back from setting the run, turned a light on in the backyard, craked open a can of beer and replenished the fluids that he just lost setting the run, just in time to go and do it all again. At 6.30pm, **Chunda** gave the instructions for tonight's run and then we were off up and down all over the streets of Petrie. The runners and walkers were off on the same trail with the runners spearing off in different directions every now and then in order to make them run further. And so they should too. After about an hour, everyone made it back safe and sound, runners first followed not long after by the walkers. **Hash Cash To & From** called the run

count and after coping no abuse this week decided to stay for the circle. The **GM** then called the circle and summoned the hare **Chunda** to face the music.

The **Run Report** as told by **Picinini**:

Picanini said that he loved it and that the runners also got the enjoyment of observing the walkers not following the instructions that were given and getting themselves off trail.

Score: 10/10

The **Walk Report** as told by **Boxy**:

Boxy said that it was fantastic and left it at that. He is a man of many words our Boxy.

Score: 2/25,000

The **Letterbox Walk Report** as told by Mammary Stick:

Mammary Stick said that they were told to do their own thing, so they did and it was excellent.

Score: 9/10

The **Security Report: Not given tonight.**

Total score of 21/25,020

HASH RELIGIOUS ARTICLES

Ten Fingers was back and proceeded to hand out the weekly awards like Santa gives out Xmas presents. The recipients are as follows:

Large Appendage: This went to **Smooth Ride** for moving into her new unit.

Small Appendage: This is still missing in action with **Thunderbox**.

Scrubber Shirt: This went to **Flower** because she said that **Ten Fingers** didn't bring the awards back.

Brush (Vagina): This went to **Beat-a-Root** just because she is **Beat-a-Root**.

Paddle (Penis Sizer): This went to **Scrubber**. We have no idea why, it just went to him.

“If I had the wings of an eagle....”

Milestone Runs: - Nil

Visitors/Virgins: - Nil

Birthdays: **Beat-a-Root** was called forward as she is turning 21 on Wednesday.

CHARGES:

Picanini had a charge. But before he could say who it was for, **Abbo** stepped straight out to take his medicine for what he clearly knew was coming his way. **Picinini** said that there was a very proud tradition in the family that **Abbo** drives to Hash and **Picinini** drinks. It appears that **Abbo** was getting sick of this arrangement but instead of asking **Picinini** to drive next week, **Abbo** thought that he would just try to lose his licence instead by

driving to Hash with no lights on. **Abbo** said that he didn't need lights and that he could find his way to Hash in the dark, how do you think he got his name. The Police didn't like this theory but let him off with a warning. "He's got a skeeter on his peeter whack it off...."

Pounda then had a charge. He had sent an email out with reference to updating the email list and had attached some instructions for the Hashers to follow. One of the instructions was to reply to the email and include your Hash name on the email so that he could then make a list of what email addresses belonged to which Hasher. Everyone so far had managed to read the email fully and comply with the simple instructions that were given. Except one Hasher who had sent the email back with no name on it. Come on out and have a drink **Ten Fingers**. "How dumb is that Hasher in the circle...."

FIGJAM then had a charge for **Ten Fingers** as well. **FIGJAM** was sitting next to **Ten Fingers** when he asked what can only be described as a stupid question, following is how the conversation went.

Ten Fingers - What's all that wood in the garage for?

FIGJAM - Well **Chunda** cuts wood.

Ten Fingers - Yeah, I know but what's the wood there for?

FIGJAM - Well he cuts wood, he probably brought it home.

Ten Fingers - Oh, ya reckon?

"He's stupid, he's stupid...."

Chunda then charged **Flower** for leading the walkers astray and getting off trail. As she is our intrepid leader she had to take the charge for the five walkers that got off trail under her guidance.

"She's stupid, she's stupid...."

HASH NAME: Overproof - He has a bit of a hobby where he brews his own sprits (moonshine). He was brewing some one night while his son was home practicing with his band and he decided to partake in a few moonshines while listening to his son's band. One turned into two which turned into three and so on. At Hash the next night he was feeling rather ordinary and was hence named **Overproof**.
