HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

RUN NO: 2088 DATE: 25/6/2018 HARE: Dog
LOCATION: Lawton

Dog's, shit was it really that long, Run.

A good sized group of hashers gathered at **Dog** and **Amanda's** abode in Lawnton for what promised to be a good run. **Dog** had jumped to the rescue and offered to Hare the run after **Vampire** had an accident and wasn't able to do it. Get well soon **Vampire**. With only two runners tonight (**Cheesecake** and **Overproof**), it promised to be an interesting night for them. At 6.30pm, **Dog** called for everyone to climb the driveway where he gave tonight's run/walk instructions and we were off to explore Lawnton and Bray Park. And that we did, after getting some entertainment in watching the two runners going around in circles, we ended up seeing a bit more of Lawnton and Bray Park than we had bargained for and ended up clocking up 6.9km on the walk, the runners adding another couple of km's on top of that. Eventually everyone made it back safe and sound. Stand in **Hash Cash Boxy** called the run count and then the Hare **Dog** was called forward to face the music.

The **Run Report** as told by **Overproof**:

Overproof said that it was an interesting run with a little bit of a shortage of chalk but they got by. They went through a horse paddock and seen some horse's and unlike **Tail**, he managed to have a pee in the paddock. **Pounda** said that he didn't know about the horse's but he did see a few cows on the walk. Jokes **Harriette's**, jokes.

Score: 5/5,000

The **Walk Report** as told by **Tail**:

Tail said that she actually enjoyed although it was a bit long. She did say to the Hare part way through the walk "how much longer because I need to pee", but unfortunately the Hare said that we hadn't even reached the half way mark. **Tail** thought "oh this is going to be a long one".

Score: 4/250

The **Letterbox/Security Report** as told by **Beat-a-Root**:

Beat-a-Root said that she made it halfway to the letterbox because it was too bloody steep to make it all the way, so she turned back and became security instead.

Score: 1/10

Total score of 10/5,260

"We're happy you set a run, you're always fucking bitchin...."

CHARGES:

Next Week had a charge for **Tail** because she didn't know the difference between L and R. She was offering people a root on the walk. She said that she was going to ring **Flasher** and offer him a ride, but she got her L's and R's mixed up and went rrrr I mean a lift.

"Take it in your hand Mrs Murphy...."

Amanda then had a charge for **Dog** for trying to convert the walkers by making them go past every church in Lawnton. Hallelujah brother.

“Shitonya, shitonya, shitonya...”

Tail then had a charge for **Pounda** for being a smartarse when he asked **Tail** if she had to take her shoes off to count to four. **Pounda** asked how he was being a smartarse when he was just simply telling the truth.

“He wanks his crank in the morning...”

The circle was re-started when **G-Spot** came back from his walkabout so he could be given a drink.

“How dumb is that Hasher in the circle...”

Hash Name: Heart Starter was called upon to explain how she got her Hash name. **Heart Starter** said that about 8 years ago she had a couple of heart attacks. She wasn't happy with having just one. Truth be told, she liked the young doctor at the hospital so she thought that she would go a second time so that she could see him again. So, for having to restart her heart a couple of times, she got **Heart Starter**.
