## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

RUN NO: 2090 DATE: 9/7/2018 HARE: Sherbet with a little help from Heart Starter and Next Week.

The Bald Hills/Bracken Ridge marathon.

A very large sized group of hashers gathered at the park on Fairway St at Bald Hills for what promised to be a good run around some new territory. That was until **Heart Starter** and surprise, surprise **Next Week** got a little lost and decided to set a marathon. At 6.30pm, **Next Week** called for Hash quiet and gave tonights run/walk instructions and we were off to explore what would turn out to be just about every part of Bald Hills and Bracken Ridge. And explore we did as we racked up 7.4km on the walk and the runners saying that they did 9.9km. Eventually everyone made it back safe and sound. Stand in **Hash Cash Boxy** called the run count and then the Hare **Sherbet** and her accomplice's **Heart Starter** and **Next Week** were called forward to be sentenced to death for their crimes.

The **Run Report** as told by **FIGJAM**:

**FIGJAM** said that clearly the hares had no idea how long their own run was. He said that we are all getting fucking old and putting on a run that was 9.9km long was not really encouraging anyone to run. He said that the run didn't even deserve to be scored.

Score: No score given.

The **Walk Report** as told by **Dog**:

**Dog** said it was really good and that he really liked the bit that said that we had to hold each other and he was glad that **Flower's** hand was nice and warm when she held onto him. We don't know what **Flower** was hanging on to but **Dog** was surely glad.

Score: No score given.

The **Letterbox/Security Report**: No reports were given for these two tonight.

**Total score of 0/0**

"Little arrows that you follow...."

## HASH RELIGIOUS ARTICLES

**Large Appendage:** **Boxy** had this and decided to give it to **Kimasutra** because before the run she was running around looking for some batteries for her dildo. **Boxy** said that she won't need batteries for the large Appendage.

"Has anybody seen her cock...."

**Small Appendage:** **Abbo** had this and gave it to **Tail** because she was the only Harriette that could fit two Scottish balls in her mouth at one time. That's the Scottish meat balls we had for entrée that is.  
"She's a Harriette and she's alright...."

**Scrubber Shirt:** **Pickpocket** had this but has decided to keep it until he is well enough to run again so that he makes it all sweaty on the night.

**Brush (Vagina):** **Next Week** had this but failed to produce it and somehow got away with it.

**Spit the Dummy Award:** This was missing in action with **Simpleton**.

**Paddle (Penis Sizer):** **Thunderbox** has this and is still seeing if he measures up.

**Milestone Runs:** - **Boxy** – 600 runs and **Wrong Way** – 50 runs

**Returnees:** - **Ten Fingers, Jake the Peg, Chunda and Night Owl**

**Visitors/Virgins:** - Nil

**Birthdays:** Nil
