## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

**RUN NO: 2118 DATE: 14/01/2019 HARE: Radar (Mud Run)**  
**LOCATION: Nudgee Beach**

**2019 Nudgee Beach Mud Run.**

There was a very large sized group of Hashers that gathered in the car park at Nudgee Beach for the 2019 Nudgee Beach Mud Run. They gathered in anticipation of getting down and dirty in the mud, and they weren't to be disappointed either. At 6.15pm, **Radar** called for quiet and gave the instructions for the mud run. He said that there would be no mud this year. As usual no one believed him and as usual they had good reason to as there was lots and lots of mud. Eventually everyone made it back safe and sound without getting eaten by the bull sharks however they were a whole lot muddier than when they set off. The GM of Mens Hash called the circle and **Radar** was called forward with his co-Hare's to face the music.

### The Run Report:

One of the Men's Hashers gave a run report and all I can remember was that he mentioned something about shiggy and some more shiggy and some more shiggy and then some more shiggy.

Score: unknown
