## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

BNH3 Run No. 2132 was held on a moonlit night at Sandgate, overlooking Einbunpin Lagoon. Newly named **Phantom Farter** arrived with his trusty canine hound who looked longingly at the numerous Ibis (aka bin chickens according to the GM) around the lagoon. Hares **Meatlovers** and **Smooth Ride** saw no reason to repeat the excellent run/walk that had been set, and instead opened a bottle of bubbly to re-celebrate **Meatlovers** 50<sup>th</sup> birthday from last week. The rest of the group (apart from security) set off into the night with **Phantom's** therapy dog in tow.

In the absence of our official run counter (**Night Owl**), **Pithhead** committed the grievous hash crime of not knowing the run number (or not caring). "One less than next week" is not the correct answer.

**Wheelbarrow** is always verbose and we often find we can barely get a word in when he's around. He described the run as 'flat'. When prodded for a score, he gave it '5'. The GM confirmed that this was out of 10, and not 6,000,000 as had been suggested. **Phantom** described it as being extremely dog-friendly, and **Dog** confirmed that this was the case. It was rated 99.9 out of 100. **Abbo** was criticised for leading the runners in circles, but **Tail** advised that **Abbo** was in fact not there as she'd had to do the hash cash because of his absence, and therefore what we saw before us was merely a hologram.

In the interests of positive reinforcement, the GM advised that in future the following confusing rules will apply (in addition to the cardboard rules from last week):

1. A hare setting 3 regroup/checks will get 1 down down
2. A hare setting 2 regroup/checks will get 2 down downs
3. A hare setting 1 regroup/check will get 3 down downs

**Struck F\*ck** wanted to know if you set 4 do you get a refund? Everyone else was so confused they just kept drinking. In the middle of the circle **Struck F\*ck's** phone started ringing and he was immediately regaled with a rendition of 'who's the wanker on the phone'. Right on cue, a local (unamused) wanker on a phone walked past. Naturally he was serenaded in typical respectful hash style, but completely ignored our kindly gesture of friendship.

### Awards/Down Downs

Hash Award	Hasher	For
Hare	Meatlovers & Smooth Ride	Setting a dog of a run.
Big Prick	MIA with Scrubber	
Small Prick	Virus	Being a brand new BNH3 dickhead.
Dummy	MIA with Picaninni	
Brush	Abbo	Probably for being a hologram
Arse Saver	MIA with On Heat	What more can I say about this? The record breaking possession continues.
Grub Shirt	MIA with Flasher	

### Other Charges

Chargee/s	For
Virus and Poledancer	Virgins to BNH3, and <b>Flower</b> made them both come. <b>Virus</b> is from Sydney and works in IT and wants to stay in Brisbane forever (probably <b>Flower's</b> influence). <b>Poledancer</b> is from Fiji.
Overproof	Went on a bike ride to Mt Mee with <b>Cheesy</b> . <b>Cheesy</b> rode up the mountain while <b>Overproof</b> stayed in Dayboro and drank coffee. Sounds like a reverse charge to me, but the charge came as a proxy from <b>Pounda</b> (who can say whatever he likes while he's fighting for us).
Cheesecake and Overproof	Standing behind the GM. Maybe they think it's the best view?
Flower and Tail	Shortcutting into a bar for a toilet stop – so they say.
Dog and Overproof	They've both got the runs - <b>Dog</b> 900, and <b>Overproof</b> 100.

**NEXT WEEK'S RUN (No. 2133): Cheesecake, 28 Garden Tce, Kallangur**
