HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

BNH3 Run No. 2133 was another much anticipated **Cheesecake** Pie Run. Numbers were good for the Easter weekend, and poor old **Cheesy** had dragged himself out of his sick bed to cater for the masses. Despite his serious agonising back ailment, he was still out setting the run at 6.25pm after the most recent downpour.

On behalf of those of us who can't be bothered getting off our backsides to go for a walk even when we're well, we raise our glasses and salute him as the sort of hasher Australians are proud of. He gets up at 2 o'clock every morning, never misses a day of work – even with broken bones – and can still get on his bike and ride up a mountain or two in his spare time. They just don't make them like that anymore, and there should be more of them. Especially the ones who can make pies and Anzac biscuits as well as **Cheesy** can.

The GM called the group together for a firm whipping, reprimand and possible detention over drinks, roadies, and food expenditure. There weren't too many charges after that because everyone was too scared to say anything - and they wanted to quickly get to the pie part of the proceedings.

Our official run counter **Night Owl** received her weekly charge for showing off by being the only one to know the run count. Run and walk scoring was quite generous (probably because of the pies) with **Nokia** giving the run 8.5/10 because of the 5 regroupes, and **Sherbet** giving the walk

7/10 even though there were too many hills and toads – rather a cruel way of describing the walkers we thought.

Awards/Down Downs

Hash Award	Hasher	For
Hare	Cheesecake	Another wonderful pie run.

Small Prick	Ned	For inviting Virus on a boat cruise, where ashes were deposited in his drinks and he was told they were cocktails and charged extra.
Dummy	MIA with Picaninni	
Brush	MIA with Abbo	
Arse Saver	MIA with On Heat	
Grub Shirt	MIA with Flasher	

Other Charges

Chargee/s	For
Beat-a-root and Jake the Peg	Returnees
Shredder	Calling someone a 'fat pr*ck'. Not sure who he was referring to – could have been any one of a number.
Tail	Wearing jackass ears instead of rabbit ears. Boxy thought she was wanting someone to play pin the tail on the donkey.
Jake the Peg	Questioning whether the GM had run the whole trail (see old cardboard for hash rules)
Virus	Touching up the GM on the boat cruise and then blaming it on his Mrs. It was probably the ash cocktails...
Night Owl	Protecting Shredder because he was injured. Should have been a charge for Shredder for being a girl.
Ryvita	Overachieving. Was scheduled to go to Toowoomba on the BNH3 camping weekend and cancelled the Toowoomba trip. Why?
