## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

### Run 2139 03 June 2019 Enoggera Tail

Happy birthday Tail, lucky you got to do Hash Cash, set trail and cook the food whilst the rest of us chilled out. Thank you for your hard work the run and walk. It was much appreciated by all with perhaps the exception of the GM who left some skin on trail for future reference. Nokia says he was overwhelmed by her arse wiggling as he chased her through the bushes.

Tail was expecting great high jinx for the night and arranged for our hash to have privacy screens erected. Unfortunately the fact that the temperature was definitely in single digits kept most people's clothes on! Better luck next year. Apparently when Tail arrived to set the run, she caused a major distraction to the busy road next to the park, 5 ambulances, the fire brigade. Police etc. Shame one of the ambulances didn't stick around for extra business later in the evening.

The run was enthusiastically praised by Phantom Farter but the run scored thumbs down 2/10 from Vampire because the walkers got lost having not returned to the last known arrow. Tail read out the run count

Reminder that the weekend's activities have a 70's theme, so dress up and bring any memorabilia to reminisce and share.
