HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run No 2155 was completely and utterly Mammary Stick's run. She was the hare, the cook and the hash trash, and was only surprised that she wasn't asked to pour drinks and be acting GM in the absence of our revered Fig Jam (although his imposter, Singapore Sling, was in attendance). Given her outstanding reputation for trail setting, M. Stick was perplexed that Dog needed to ask her what the run was like, but she assured him that it was the usual excellent standard that hash had come to expect of her. In any case, she made it known that if any public complaints or criticisms were heard in the circle, the complainer would not be getting any food.

Not surprisingly the run reports were excellent. Abbo loved the hills and endless checks and regroup, and gave it 6 out of 10. ET found the walk exhilarating and started off giving it 8 out of 10, but with some prompting from M. Stick upped that to 12 out of 10. It was unanimously agreed that M. Stick's run/walk had been as outstanding as usual, and was in fact the highlight of everyone's hashing year.

There were several announcements of personal happiness - Ryvita has paid for her cruise in December and Overproof and Heartstarter will finally become empty nesters after years of failed attempts.

Cheesy reminded everyone of Cheesy's Challenge on 28th December, and Chunder announced that Dog will be organising the Pussy Ride for those who aren't up for the alpine Tour de Cheesy. Good Dog.

Awards/Down Downs

Hash Award	Hasher	For
Hare	Mammary Stick	Setting the best run/walk of the year. 😊
Big Prick	Jake	For organising sh*t weather for bike hash. No mention was made of his testicular realignment.
Small Prick	MIA	
Dummy	Mammary Stick	For justifiably having a big whinge that she was the hare, cook and hash trash. Evidently multi-tasking comes naturally to harriettes.
Brush	MIA	
Arse Saver	MIA	
Grub Shirt	MIA	

Other Charges

Chargee/s	For
To & From, Nokia, Fidel and Wheelbarra	Returnees – To & From has been busy playing bridge and WBarra has been busy organising the golfing extravaganza on 20th October. He also confessed to having a big club.
Boxy	Forgetting who he was married to and claiming that when he snores ET tells him to roll over and shut up. Singapore Sling didn't know anything about this, but was probably too busy with Shitzu at the time to worry about it.
To & From	Missing a few arrows because even though he had his torch with him, he didn't think he needed to turn it on. Carrying a torch and turning it on is probably classed as multi-tasking for most hashers.
Abbo	Being the official hash cash and doing the cash for the first time this year after spending 9 months holidaying non-stop. Clearly it pays to be the hash cash. Ironically, Tail (the hash cash stand-in) is on a holiday...
Ned	Being a media tart (again) and not wearing a hash shirt while he was at it. Ned admitted to being happy to appear on or in any form of media if he can do some DIY free marketing in the process.
