## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Having only recently moved to the alpine suburb of Ferny Hills, Picaninni wisely decided not to inflict BNH3 on his new neighbours for fear of becoming a social pariah, not to mention the subject of next month's Neighbourhood Watch. Hosting run no. 2165 in a park only streets away from his new house was probably a bit too close, but unavoidable as he had to bring his own cooking equipment thanks to the non-functioning barbecue. (Note to Picannini: check possibility of rates discount due to lack of advertised local council amenities)

Despite the 37 degree daytime temperature, jackets were required in the mountainous peaks of Ferny Hills, which probably sees snow in winter. Hashers were heard to be looking forward to a BNH3 winter wonderland ski run sometime in June or July next year.

Picaninni called the group to order and told them he'd been in a quandary about whether to go for quality or quantity when setting the run, and ultimately decided to go for neither, therefore everyone should expect a completely crap run. As this is effectively no different from any other run (apart from the reputable M. Stick), there were no surprises.

Nokia claimed the run was too flat and too short and gave it 8 out of 10. Tail wasn't impressed with the hills and gave the walk 0.32 out of 10.

Heeding the total fire ban and the adjoining highly flammable bushland, Picaninni promptly set up two gas burners and made a start on the sausage extravaganza.

## Awards/Down Downs

Hash Award	Hasher	For
Hare	Picaninni	Setting a crap run with no hills
Big Prick	Ten Fingers	Also received a mouldy jacket as a bonus, which he apparently left out in the rain.
Small Prick	MIA	
Dummy	Smooth Ride	MIA somewhere unidentifiable
Brush	MIA	
Arse Saver	MIA	
Grub Shirt	Chunder	

## Other Charges

Chargee/s	For
Picannini and Phantom Farter	Returnees - according to Song Mistress Flower, "we don't give a rats 'cause we drank all the beer".
Killer/Ryvita/Generic/Vampire	Charged with 'hill anxiety' after doing a U-turn when they saw the mountains ahead.
Struck F*ck	Sitting down on the run. Probably waiting for a bus.
Shredder and Phantom	Unnecessary mountain climbing because they couldn't read the checks. Both over the hill – literally.
On Heat	Constantly calling "are we on?". Not sure if she was talking to Dog.
Ten Fingers	Tried to charge Struck F*ck for car tailgate and side mirror f*ckery, but should have known better. If it's not a structure, it doesn't count. Reverse charge.
Flower	Told Dog she wanted to be shaken (not stirred?)
GM	Received a lovely travel souvenir from China courtesy of ET and Singapore Sling in recognition of the GM being over the hill (in good company with Shredder and Phantom).
