HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

GRAND MASTER	FIGJAM	0408 993 099	RELIGIOUS ADVISER & HASH NERD	Boxy	0448 841 912

It was a veritable zoo at North Lakes for Run No. 2178. Turkeys, reptiles and birds of every description mingled with hashers - many wondering just who was who in the zoo. The two Bs (one and minus) had set their virgin run, undeterred by swarms of mozzies and impending cyclonic conditions. As the two Bs are not as age challenged as some of the rest of the group, they made good use of the playground equipment before announcing the run instructions. Most of us were exhausted just watching them.

B1 advised that the run had lots of hills and shiggy, together with exceptionally large arrows for the benefit of Ned. B- gave clear directions for the entire walk, adding (like a school teacher), that when there is a regroup, we MUST regroup AND sing or suffer the consequences. Having been duly instructed and reprimanded, the group set off.

The walkers arrived back just before the first deluge of rain, which gave B- a few extra points for the walk. Heartstarter and Yackety Yak elected to do the walk twice, but somehow avoided a charge for overachieving, unlike Smooth Ride and M. Stick who got charged for doing a complete walk which just goes to show that there is absolutely no incentive to exercise in Northside hash (and they certainly won't be making that mistake again).

Ned gave the run report and complained about the bloody big arrows getting in everyone's way so gave it 2 out of 10. M. Stick was far more generous with the walk score which was a monumental 9.5 out of 10 for the scenery, timing and distance ie short. Smooth Ride complained that the two hares were far too young to score, so all results should be null and void.

Awards/Down Downs

Hash Award	Hasher	For
Hares	B1 and B-	Setting the 2Bs virgin run
Big Prick	Singapore Sling	For carrying a dirty big umbrella on the run, in direct contravention of neanderthal hashing where no creature comforts are permitted.
Double Small Prick		
Dummy	Mammary Stick	Clearly this was given in error as everyone knows M. Stick never complains or whinges about anything, and merely states facts.
Imposter Dummy		
Grub Shirt	Yackety Yak	Keeps it for another week because she forgot to leave her mark.
Bow Tie	Ten Fingers	This will stay with Ten until some clown tells a worse joke. Cousin It is in Hawaii, so Ten might have it for a while yet.

Other Charges

Chargee/s	For
Spark Plug	Visitor from overseas who had heard what a fine upstanding hash BNH3 was. Not sure where she heard this fake news.
Struck F*ck	For some reason S.F. got a charge for being security. This is a very esteemed and honourable role and everyone who ever offers to be security should be treated with great reverence, and in fact be rewarded for their generosity and thoughtfulness.
Smooth Ride and Mammary Stick	Charged by B- for not stopping at his second regroup (despite flooding rains and mozzie plagues and the high risk of acquiring Denghi and/or Ross River fever if they stood still for too long). M. Stick immediately downgraded the abovementioned walk score to 0.5 out of 10.

B1 and B-	Left the boot of the GM's car open when they headed off on the run. Charged with GM property abuse.
B1	Noticed a discarded shopping trolley on the run and commented that he wished Ned was there to push him in it. Shredder felt that this expectation that others should do everything for him makes B1 a prime candidate for leadership of the Labor Party.
Yackety Yak	Telling the GM (on several occasions) that she's 'available at any time'.
B-	Volunteered for a down down so he could get another sugar hit. Was duly charged with being the son of the GM.
