HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

The runners and walkers were happy to be back on the inaugural run. The runners had some extra loops down by the river. Some walkers managed to lose trail, so keen they were at being back at hash, they wanted to walk extra kms to make up for lost time. We were all serenaded with the sweet smells of the sewerage plant, relieved the smell wasn't coming from us. Great food was served up for us all in the wedding venue being set up in the backyard.
