HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

To kick off, neither Dog nor Struck Fuck had a feasible answer for the time honoured question "What Run Number is it chaps"

We were advised that we had only two supreme athletes representing runners, Ned and Cheesy, and the spokesperson for this elite group, Ned, noted that the walkers had the same trail, as the runners. He still afforded the Hares, yes Hares, Fidel and Tenfingers, a resounding 9 from 10.

ET was challenged to critique the walkers portion of the run, and said she was very grateful for the shortcut, granted by the upfront group who stormed into the dead end cul de sac, and after eddying around like goldfish in a bowl, emerged to advise the back markers that it was truly a false trail. Sing a song of six checks Boxy accused Fidel of being just a piece of meat, after hearing our postie had been bitten once again. Makes us happy, makes us gay, he's our mailman

Jake came to the fore to suggest and tender a charge for Ten saying he got lost on his own trail, due to the dead end, but for once Ten was spared vilification by none other than the GM, who said he had redeemed himself with innovative trail marking, and called a reverse charge to Jake. GM then called Ten straight back to the podium where he had to endure a charge for getting a reverse charge to stick to someone else for the first time in history. Some things never change. Ten Fingers decided he should charge the GM for eating all the cherry tomatoes he had put on the table from his bountiful crop, but was courteously reminded about Rule number one "The GM is always right" and in fact rule number two reiterates this well known fact. His one skin hangs down

Singapore Sling brought up the fact that The Great Hash Muster Weekend, celebrating 40 years of Hashing for Sunshine Coast Hash, clashed with Northside's camping weekend 28-29 August. Cheesy said "Who cares" Fidel awarded the twin small pricks to ET seeing she was wearing colourful gear, and decided he should forward the award on the same basis. The arse saver was awarded to Dog for wearing his PPE a bright fluoro jacket on the run. The AGPU has been announced as 6 Mar 2021.

At this point Rabbi was charged for wearing a hat in the circle, and it was seemingly forgotten that the GM had forgiven this indiscretion for the month of July for those whose brains turn to aspic in the cooler weather. He's got a skeeter
