HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

The honourable GM called the circle to order, and directed the RA to start the proceedings. RA chose Nightowl as the sacrificial virgin of trashing much to her disgrace. She claimed she was not a member and therefore does not need to do the trash. However the wonderful Tail/Hash Cash dobbed her right in as she became a member today. Thanks Tail!!!! Have a drink Nightowl.

Surprisingly when asked Ten Fingers got the run count correct. Obviously, he cheated because this is the first time in history he has got anything correct, so he was made to have a drink.

Jake the peg was called for the run report and there was something about dwarfs, headjobs, and it being short and sweet. 4 stars.

Ten Fingers did the walk report and all I heard was something about going up and going down and up and down. Then he was told to hurry up by his audience. No sex on trail ten fingers!! Score 7 and note Ten Fingers the score is out of 10. You should know this by now.

Chunder 950 runs and he looks it. Sherbert 250 runs. Congrats.

Ned is on 410 which sound like a shotgun.

Killer did an outstanding job of the tucker.

There was also something about Ryvita, Vampire and Ten Fingers in the back seat of the car.

We had a moments silence for Chunders neighbour Gordy who sadly took his own life. Ned said some very powerful words that if you are feeling depressed please talk to someone here at hash. We are here for each other. Well said Ned 😊

Then to end off the night the police arrived to shut our party down. We were making way too much noise and having too much fun, for way toooooo lonnnnggg .

Circle closed. Thank god, I'm out of paper!
