## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Rabbi's 70<sup>th</sup> birthday bash – RUN No. 2198 – 7th September 2020

## The Run

The run was well marked and did a big loop around the area, a bit of park and back along the waterfront. Not too many hills to complain about. I can't remember the exact score, but I think both the walk and run scored pretty close to 9 out of 10.

## The Circle

While Annastacia has temporarily restricted us from having large groups at private residences we are forced to use pubs and restaurants that have a Covid-19 safe plan. The Brighton hotel has a veranda area making it ideal for a hash gathering as we are away from other customers (btw, I am sure there are other pubs that will do the same).

We even managed to have a short **sit-down** circle before the food arrived. Rabbi insisted on shouting the Northside hashers their meal and beers in place of his 100 person shindig in the Solomons which he had to cancel. Rabbi gave a nice speech outlining his hashing history (started in 1973) including his devious attempts to woo Raw Livers' heart 10 years ago.

We finished our meal with a hash birthday song and cake (no candles to avoid Covid spit).
