## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

The night started with Ten Fingers getting very excited, thinking he would have lots of leftovers for the week, when at 6:10pm, not many hashers had turned up. But he was to be disappointed when people started straggling in as usual.

When it was time to go, Ten called everyone out to the front where he promised a fantastic run with 745 regroups, 950 checks and 3 arrows.

The hashers all set off at a frantic pace through the wilds of Kallangur, with a chance to pick up your weekly groceries from Woolies. Cheesie and Chunda were setting the pace with Raw Liver, Over Proof and ET jogging along behind – just far enough back so they didn't have to do any checks. As we ran past Chunda's house, there was a call of "Rock the Roof!!!"

Rabbi was the first to arrive home having broken his strap on and was worried he'd trip over (we didn't realise it was that long)

We all staggered in and immediately started rehydrating and talking bullshit as usual. The circle was eventually called but no one realised that Tail and Stuk Fuk were missing until we wanted the run count. They had decided that they enjoyed Ryvita's run the week before so much that they would do it again.

Charges were charged, drinks were drunk, kai was eaten and bullshit spoken

What's the difference between a tire and 365 used condoms?

One's a Goodyear. The other's a *great* year.

A family was driving behind a garbage truck when a dildo flies out and thumped against the windshield. Embarrassed, and to spare her young son's innocence, the mother turns around and says, "Don't worry, dear. That was just an insect." "Wow," the boy replies. "I'm surprised it could get off the ground with a cock like that!"
