HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

It was very fortunate that we were able to do Pithy's Annual Christmas run as he was nearly arrested for vandalism while setting the trail. An unsuspecting council worker had spotted Pithy with what he thought was a spray can; in fact it was just Pithy's candy cane marking chalk. After an indepth discussion with the police about Hash and setting trails Pithy was free to go!! Pithy invited the officers to the run that night, suffice to say there were no virgins at the run.

In anticipation of Christmas being just around the corner the group dressed accordingly in festive attire and were ready to head out after Pithy's run instructions. We were all relieved that although we were in Wavell Heights that

the hare spared us a mountainous trek. Rather most of the walk and run took us through the beautiful parks between Wavell Heights and Chermside.

On return from the run there was some serious rehydration to do before the acting GM Flower called the circle to order. No run report was asked for as the circle was forming Pithy breached a highly important Hash rule which was addressed promptly by the acting GM.

Chunder gave the run 8/10. He was extremely impressed that Ned regrouped and signed off on this fact. It was a shame that Ned forgot to wait for Chunder at the RG!!! Poor Chunder!!

Oven I mean Overproof gave the Walk 8/10 and went on to describe this walk as well marked, having beautiful parks, great company and lovely weather. Ned also agreed as there were “no snakes or cane toads” on the run.

Awards and charges were laid and then it was time for the lovely dinner and dessert prepared by Pithy and Ryvita. Happy Christmas and New Year to all!!!
