HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2216 - set by Tail and Jake.

Twenty five elderly hashers and four teenagers gathered for the final athletic event of 2020.

There were plenty of arrows, 46 two and three ways, plenty of drink stops, re-groups, nature treks, creek crossings and lush green vegetation. Unfortunately the only snake was a dead one and there were no cane toads.

The Grand Mattress called the motley crew of enlarged post-Christmas athletes to order.

Run Report by Fig Jam: 3.5/10 for more hills than Beachmere, 46 false trails, 2 regroupes and a new chalk symbol “?” - something about a stick.

Walk report by Skiddy: 10/10 for a pleasant outing not requiring a Border Pass.

Visitors: Skid Mark and Sherpa from Samford Hash.

Virgins: 4 of Heart Starter’s teenage nephews; Rowan, Andrew, Uriah and another.

The beer was cold, and tasty Kai was served by our Tail master.
