HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Can't help myself ... fancy agreeing to write the Trash on the first night were members ... apologies if I stuff up names ...

A group of fit looking athletes gathered at Dog's - and then there were the Hashers, about 20 of this motley crew. Anticipation of a marathon length run/walk made everyone so excited it took some cajoling to get us off the chairs and off on trail. Promises of 'not too far, runners only about 1 km more, some loops' - do we trust him? Maybe not.

I'm not at my fittest so the pack disappeared fairly quickly and four of us enjoyed a walk just over 2 km.

Ned obviously ran - positively glowing. All sorts of good noises about the run, a water park Ryvita will take her grandkids to ... Drinks and chips, and all ready and waiting for the circle: but where's our GM? Aha, on the phone ... some excuse about a nephew?? having his first day at work. Reality is that her makeup had gone awry and she was hiding inside.

Our magnificent singing of 'who's the wanker on the phone' brought her out and the circle was brought to order.

Tail read out the run tally, with Silver Fox and I at 2 runs, exciting! Hey, I remember my second ever Hash run: Sydney Harriettes - March 1979, and I actually did run in those days: drank beer and ginger beer out of a stainless steel bucket, then red wine at the pub - and for some reason we did down downs there, more red wine - then drove home ... oh dear, life changes thank heavens.

Run report from Ned - fucking great 10/10 unquote. Chunder agreed.

Walkers report from Vampire - lovely, scenic, well marked, great water park 7/10 - what a tough marker! Dog was surprised the walkers came back in an hour. What supreme athletes.

Charges: Heartstarter charged Singapore Sling - something about coming out of the old folks home. He came without ET, saying she was not well. The question must be - Alzheimer's ?? Is it that he just forgot her, left home without her and made the excuse that she is unwell. If she's not there next week, Tail is calling the police ...

Tail and Ryvita for their 'get physical' headbands, and Strutfuck for the towel slung around his neck - athletes one and all. Ryvita had run out of a drink and claimed she had poured holy water from Tail's bottle into her cup.

Vampire and Ryvita with striking across the oval - keeping on their clothes so not a proper streak.

Vampire for claiming to have done the whole run but shortcut across the Oval - her response 'that's Hash'.

New members - Big Foot and Silver Fox (and we're pleased to be)

A delicious roast dinner - even crackling - was enjoyed by all. Delicious - we're glad we've joined! Thanks Dog!

See you next week
