## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

## Hare: Chunda

### The Run

A good crowd turned up at Casa de Chunda in anticipation of a great run and they were not to be disappointed. We even had a floor show before the run with Raw Liver putting her hands down Rabbi's pants. No wonder our GM always has a smile on his face.

Chunda made the prediction that it would be a fantastic run (big call). We all took off in different directions and the mob, both walkers and runners, was kept in close contact with each other due to the numerous regroupings, checks and false trails. It all became too much for Cheesie who popped a hammy at the furthest spot from home. It was a long limp back for him. A fantastic (flat is always best) run overall. The biggest hill was up the stairs at the railway station.

Run report was given by Cheesie who said the run was fucked coz he couldn't finish and gave it a score of 1.5/10

Walk report was given by Struk Fu\*k who said it was as predicted and gave it a score of 8/10

The song lasted about 15 times longer than both reports put together and Chunda was worried the food wouldn't get cooked in time and that he was going to perish from dehydration waiting for his down down

### **The Circle and Charges**

Flower, Sex Change and Smooth Ride were all asked what the run number was. The consensus was "Who the Fuck knows?"

Cheesie, being an old fart and injured to boot, was the only one allowed to sit in the circle.

Pleasure Island was charged for not only having a phone that rang during the circle, but she answered it thinking there was a sexy man on the other end, only to find out it was the wrong number. Heart Starter had to drink with her because she was taking notes with pen and paper and no tech in sight

Ryvita and Raw Liver were charged for causing a ruckus before the run with RL having her hands down the GM's pants (she claimed she was closing his garage), and Ryvita getting quite excited about watching it. Must be the most action she's had in a while

Struk Fu\*k was called into the circle as representative of the Military to have a drink for Anzac Day. Thankyou for your service!

As it was full moon, Dog (who turns into a werewolf) and Vampire had to have a down down

Boxy charged Ryvita because she had experience in getting her leg over – I think he's jealous

Cheesie charged :

- Jake for being a softcock at Fakarwee's challenge for arriving back after the run with a pristine white shirt.
- Chunda who had the Anzac spirit and didn't leave his mates behind and went back through the chest deep mud to rescue a hasher and his dog

Struk Fu\*k charged Ryvita for something about thinking.....

Dog charged Snake Charmer for showing her tits and jumping Chunda on Saturday at Fakarwee's.

Jake charged Sherbet for locking her keys in her car just so that she could meet a new man and take photos. She even wore her best PJ's

Over Proof was charged for being half a man and Heart Starter was charged for running after him

Killer and Pleasure Island were charged for wearing coats on a Scottish summer run
