## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

### Run 2238 The Lagoon Run

All the slow-moving lizards in Brisbane North dragged themselves away from the fire place to bravely assemble at Einbunpin Lagoon, Brighton Rd, Sandgate (commonly known at the smelly dark green ponds in Sandgate where the ducks use to live before the Bin Chickens took over). The RA called the Assembled to listen up, "The Runners is blah blah blah chalk and blah, blah, blah, some flour **No!** Flower blah, blah, blah, bush, **Oh!** one hill. Walkers, if any one cares, not as far as the Runners, Runners it is 7.34Km, Walkers 3.4Km. off you go, over there."

7 Runners took off like startled Gazelles (very old ones) through the streets of downtown Sandgate and with welcome back Ned out front helping the slower runners by finding all the false trails. Up the first hill to the Second Lagoon and around to our favourite BP station in Sandgate that all runners know and up Wolsey hill (**Note** Hare 2<sup>nd</sup> Hill and named after the English car that could drive up it). At the top of the hill, one of the past great runners accidental turned left and discovered the FAW trail while the rest turned right down to Bracken Ridge rd. and around the Third Lagoon. After dodging the cars Bracken Ridge rd. the 6 runners ran through the Deagon Wetlands up pass the Fourth Lagoon tripping over and crashing into

trees after some dickhead parked his car with the headlights on high beam dazzling the runners trying to navigate the scrub trail. The trail then led up pass the sports club back to the south side of the Second Lagoon (sometimes known as Dowse Lagoon) down into Lagoon st. and around Einbunpin Lagoon to home.
