TRASH RUN # 2259

A rather luscious group gathered to brave Overproof and Heartstarters wet bush run previously made famous for their storm magnetising powers. Disappointingly, the only body parts that got wet were our feet.

In honor of remembrance day, the trail delivered the hashers to pause and reflect at the local Anzac memorials and the attending service men and women received their honorary toasts.

Jake the Peg was congratulated on his promotion to hash flasher, not based on merit!

Just Clacker was praised for achieving his diploma of sarcasm following his reply to Hawkeye's pleasant email request to be removed from the mailing list.

Overproof charged Pleasure Island for complaining about getting too much bush and that she just could not handle any more.

Killer presented one set of dummies to Sex Change for not cumming on time and not wearing appropriate hash regulation protection.

Heartstarter reluctantly gave up the big prick / butt plug to Pleasure Island for trying to bribe Overproof while he had his pants down. She also released her dummies to Smoothride for being distressed about the cat's piss not arriving within her expected timeframe.

Ryvita wanted to know why Jake had wet pants ... I vaguely recall some mumbling about Ned's sweat.

Sex Change begrudgingly received the grub shirt, now made ultra-grubby following Pounder's insistence on clogging up his crack with it.

Sex Change presented romantic poetry to his beloved Ten Fingers and Rabbi ...

Next week's run is hared by Chunda at 42 Sheehan St, Kallangur
