HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2270

More hashers get a life in Lawnton, or have their cake and eat it Run- The Pounda Run

Well bugger me with a fishfork if we didn't have a few momentous moments at tonight's hash. Not only did we realise that if Dog and Chunda had put their hash subs into a mortgage instead of hash they would have paid them off years ago, but we also got the benefit of the wisdom of some itinerant and long time hashers in the form of: Abbo, G-Spot, To and From, Farkarwee. In truth, their wasn't much wisdom but instead a great opportunity to catch up with and interact with past tragics and for them to welcome Dog and Chunda into the 1000 runs club.

The run itself, set by Pounda, was a masterstroke in not undersetimating the care factor of runners and walkers on a humid evening in the wilds of Lawnton. 4.75 km of the flattest, easiest (some would say insipid, but not I) terrain was greeted by the largest (8) running pack in some time. Of note was the fact that Chunda, running on 1 calf and one foot due to old man's injuries, managed to outpace the asthmatic hash horn (Wheelbarrow). Admittedly, waiting for those 2 at regroup added a shitload of time on to the run, but this was a day for having fun and so the running elite of Sister Sludge, B1, Abbo and Cheesey, waited with equanimity and a few sledges of those slow fuckers.

The circle was an amusing (well what else would you expect with ten Fingers as RA) affair, craftily controlled by the puppet master that was the stand in GM. The skill is making people feel they are important and have a lot to contribute. 😊 Abbo's run report was too fair, To and From's about right, and the hare and Beet-a Root reluctantly (well, Beet-a-Root was) quaffed something in recognition.

I said at the outset that this was a notable occasion, not just for Dog and Chunda, but also because Cheesey had amassed 800 runs and was presented with a badge by To and From. Abbo presented Dog's 1000 run badge with some nice words, and G-Spot presented to Chunda. It may have been the other way round but who gives a monkey's.

After the hamburger feast (Nice work team Pounda and Beet a Root) the cherry on top was a very large and rich chocolate cake, baked by Beet a Root, iced by Cheesy and with a very ugly mug shot on top. The champs cut it together as they looked lovingly into each other's eyes. It was very sweet, as was the cake. All in all an awesome evening. Well done all for the turn out and participation.

It was also a night for returnees and the following were recognised:

- Abbo
- G-Spot and Wet Spot
- Farkarwee and Country Girl
- To and From
- NASA

The weekly hash Odes

This week's immortalised members were Pounda and Jake the Peg as follows:

POUNDA

Some think him a big grumpy hippo
Who sleeps in the sun to get hot
And when he's not sleeping he can't beat a root
Which he apparently likes doing a lot

But maybe he's rather a gorilla so hairy
And the thing that he likes to do best
Is to look all ferocious and scary
While scratches his arse with the rest

Or perhaps in the army he's a bit porcine
Or if you prefer, a grunt
While most would assume that he just drives a truck
Others might take some affront

To the thought that I could be so rude
And crass to call him a C
Cos just cos he likes to drink, fart and root
That makes him just like you and me.

JAKE THE PEG

Talking shit is normal for so many hashy folk
It pours on out from every crack you don't have to be woke
To understand that triple HHH attracts a certain breed
Who's scatological propensity one doesn't have to feed

Take Jake the Peg for start, a witty wordy /type
He'll make up stories every week, he'll amp up all the hype
But recent efforts confirmed his toilet humour's keen
A poem worthy of the champ a large poo did demean

Now let us not tar Jake the Peg with any profane brush
He brings us humour, runs and fun with wordplay rather lush
But fescennine obscenities and shitty mots des jeux
Nous donnent un grand bouche de nez et on veut un numero deux (Translation: gives us a blocked nose and makes us want to shit)

Now all is fair in love and hash, and excremental views
Should not colour our thoughts of Jake and his obsession with such poos
In fact it does belie us all to underestimate
His wild and wicked sense of humour that makes our bowels irate

I finish now with kinder words not glib nor too inane
We welcome humour in all forms though some is rather lame
But Jake stands tall among the crowd for epithets sublime
Which is we come on back to hash despite some shitty lines.

Charges (Editorial note: these were under Ten Fingers' purview, so I cant be held responsible for humour, veracity or memory)

Hard to remember them all, but some as follows:

Dog and Snakecharmer- apparently Dog likes something in the face, which seems like a role reversal
Sister Sludge and Snakecharmer- Taking too many selfies as hash flash

Ryvita- tackling the ground with her shoulder, accompanied by To and From, who did something similar on this run many years ago

Dog and Chunda again- fuck knows what for, but they deserved it

Others which I am too senile to remember

Awards

- Big Prick- Killer to Ryvita
- Grub Shirt- B1 to Chunda
- Spit the Dummy- Ten Fingers to Vampire

(Editorial Note: For the love of whichever deity you wish, if you're going to award an award, please make it amusing or you're just going to get to keep it)
