HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2271

Once upon a time in a kingdom, far, far away, a charming bunch of aptly named fairytale characters journeyed to the Titus abode (swamp just didn't seem right).

Although Figjam and Nokia gave the run a 3/10 and 6.9/10 respectively, the trail was indeed Farquaad. The overachieving front runners went round and round in circles and tried to blame it on arrows that were strategically placed to trick them, when really it was just that they themselves were loopy.

Purple Bush mentioned that she and Comes Again came on Emirates but wasn't willing to share anymore details on the root, sorry...route.

Pounder received a three month ban for impersonating Novax Jokeabitch and crossing borders indiscriminately.

It was also a night for returnees and the following were recognised:

- Nokia
- Generic
- Purple bush
- Next week
- Comes again

Charges

- Nokia-front running
- Figjam- clown sized horn
- Sherbet and Ryvita- falling over
- Tail - hole sealing up

Jokesters:

- Ten Fingers

The weekly hash Odes

This week's immortalised member was Ryvita as follows:

How Ryvita fucked her shoulder

She woke up in the morning with a tingle down below
she was thinking pretty hard because she's getting rather slow
She didn't want to waste it, she knew it wouldn't last
She started slowly then after a while she got quite fast
With stars brightly appearing and neuronal excitement in her head
She managed to jackhammer herself right off the bed
On her shoulder she had landed and the pain it quickly spread
But when someone they did find her she just said he'd banged her head
So here's a lesson fellow hashers beware of self-abuse
And remember when you get a tingle to keep it for special use
For that feeling is your friend and maybe of others too
So keep it for special occasions and please don't overdo.
