HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2314 the Witches of Northside, a Sex Change and a snake liven up a dark Kallangur evening

Ryvita/ Heartstarter, Kallangur

*Double, double toil and trouble
 Fire burn and caldron bubble
 Cool it with a baboon's blood
 Then the charm is firm and good.*

Well, we had a few witches on show tonight, at least more than usual dues to the efforts made by **Tail and Vampire** on the all hallows eve run from chez **Ryvita** in Kallangur. I'm fairly sure **smooth-ride** also had some dress up on and **Ned** had some bunny ears so I guess that counts and **Jake** pretended to get dressed up but we really know that is what he wears normally. The GM, harking back to his '80s big hair' days, was quasi-cross-dressed, or at least sporting a blonde wig and Hawaiian hula skirt. I'm thinking that was the scariest sight on Monday.

A fine run walk combo saw runners and (fast) walkers get back around the same time (always a good sign), and able to partake of the chocolate eyeballs. En route we saw at least one baby brown snake, though **Chunda**, channelling Harry Potter talking parceltongue, managed to shoe the snake off the path. The same couldn't be said for **Ned** who failed to get rid of all the cane toads seen this evening. Poor form, although at least one could have been given to the witches.

The run was about 7km and the walk 6km. The hash mash was awesome and the Greek salad a highlight. It was a pretty fun circle.
