

Run 2325: Pounda & Beat-a-Root's abode, Lawnton

Good run, excellent food, and great company, what more could a Hasher wish for?

The run/walk was well marked and relatively flat which was not surprising as Pounda had set it on a scooter. Not wishing to cause any nightmares for Ryvita, Pounda had hidden the said scooter from sight when the Hash assembled.

Ned officiated as GM in the absence of Sex Change, ably assisted by B Plus as RA.

The run was marked by Fig Jam who after a long deliberation awarded it a one, and the walk by Tail who gave it a generous 1.8
