HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2332- Smashing hash mash and a dash of trash

Pounda- Lawnton

Another evening in the Northside 'burbs with summer fading towards Autumn and the temp still in the high 20s. It seems there is always a large pack for a Pounda Run. It could be because of the location, close to the epicentre of Northside Hash that is Kallangure, or it could be because Pounda sets a predictable and well-trodden trail. But really, its because ethe hash mash/ kai or whatever you want to call it is f*****g awesome. I don't know how much Pounda assisted Beet-a-Root, but really, who gives a rats. It works. So, top marks for the whole package. As for the walk/ run, does it really matter. A very fun and enjoyable evening with a new bloke called Ray (ray-the bloke who serves the beer). Even the itinerant **Smoothride** made an appearance in between trips o/s. Seriously, too much time on her hands!

Run/walk report

Actually cant remember. Think Figjam gave it a 2/10 and some walker/ wanker gave it about the same. Note the absence of Beet=a-Root. She'll even stay in the kitchen to avoid being on camera
