HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2337- AGPU- BURPENGARY

Well, another year over and another begins. The reign of yours truly came to end and without any fanfare, ice, recrimination, condescension, reflection, etc, and the reign of Chunda began. A few changes to the committee, with Pounda usurping the RA role, Titus taking over the hash booze and Dog coming to the party with the Cat's piss.

Figjam and B1 set an entertaining and interesting meander through private grounds, avoiding hoardes of salivating aggressive canines who gave every indication of liking the look of the sleek and svelt hashers passing close to their property. A fine diversion was the drink stop at the Woodpecker for a few jugs of 'beer' / (glass of water for softcocks), then back to the tractor shed for snacks, circle then dinner.

The circle was a protracted affair, with the old committee thanked, the new committee installed and the commencement of the reign of terror with accompanying pronouncements.

Run 2338-Post AGPU Run- Killer, Everton Hills

A good crowd gathered at Everton Hills for the usual Killer torture. He didn't disappoint us. Those hills are easy on the E bike Killer. A good run of just under 8klm and a bit over 5 for the walkers. Good to have a new runner with us Strong As brings the average age down a bit. B1 and Chunda led the pack. Everyone was back after an hour with a few walkers straggling in a bit later.

The Circle

Chunda called the rabble to order for the first run of the new committee.

Run report was given by Figjam gave it a minus 4. Walk report gave the same score. Welcome to our 2 new members Strong As and Greasy Box. Special mention for Heartstarter for 300 runs and good luck on your hiking journey.
