

Run Report BNH Mon 24 April 2023

A Bevvv of Hardy Hashers turned up to the Rotunda in Bracken Ridge Road Bald Hills, despite the dreary weather, for a robust run. Good to see Strong As back again keeping the veterans on their toes, and I'm sure she does.....

With the weather preventing the proper setting of a trail, the pack set off to do a blockie. We all did our own version of the blockie, arriving back avaried intervals and staggered times. Runners were way ahead of walkers, having traversed the same course.

There were the usual spurious charges, followed by some appalling jokes, and Pounda called the pack to order for some ANZAC remembrance and respect for the fallen, followed by a period of silence, which was going well until Titus's dog got the sneezes towards the end. What was that old film adage, "Never work with children or Dogs" Titus was suitably admonished for this indiscretion.

As usual, Sherbet put on a mighty feed for a cool wet night. I am sure nobody left hungry.
