HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2350

Hare – Cheesecake

A slightly larger crowd of 17 gathered at Cheesecake's abode in Kallangur Heights in anticipation of another Cheesecake Challenge. There was no fire pit this week as it wasn't cold enough for one and as there was an in ground pool taking up most of the backyard it was a bit like trying to light up a wet cigarette, it just doesn't light up too well with water around.

At 6.30pm, Cheesecake called for quiet to give the run instructions. Some Hashers clearly didn't keep quiet during these instructions, as a couple of them went the wrong way and had to come back and ask for instructions again (more to follow on that one in the charges). Out the front to the right and then at the first street runners to the left and walkers to the right and they were off.

The Run

A group of 5 runners including the Hare, Ned, Strong As, FIGJAM and B1 set off to negotiate the multitude of checks, false trails and regroupings. Cheesecake must have taken them on a long loop as they didn't catch the walkers until almost half way through, causing the walkers to conduct two checks for themselves. Hare dare them. They eventually caught up and then gratefully marked off the rest of the trail for the walkers.

The Walk

The walkers started off at a snail's pace, however Dog, Tika and Pounda streaked ahead to open up a bit of a gap causing Dog and Pounda to conduct a couple of checks. Dog unfortunately got both of these wrong so had to walk a bit further than the rest of us. Only five of us ended up doing the whole walk as some Hashers decided to turn back early and some Hashers got lost at the start so had to

take a big short cut. Eventually everyone made it back, however a few Hashers had to be called back only 100m from home as they missed the arrows at the pathway behind Cheesecake's home. Pounda came to the rescue and called them back, averting the need to send out a search party for them.

There were no reported injuries and Cheesecake's dodgy calf even held up through the whole run.

The Circle

With our GM still on the sick list, Pounda stepped in again as GM and enlisted FIGJAM to stand in as RA. Flower was asked to give a run count and the Hare was called into the center to face the music.

Stong As was asked to give a run report (with more than two words). Strong As said there were lots of hills (and then asked if that was more than two words). She said that there were two false trails up hills and that it wasn't fun at all (remember Strong As, hills are your friend). She gave it a score of **4 out of 10**.

Flower was asked to give the walk report – Flower said that her bum hurts (I'm going to leave that one well alone) and that it is very hard to put your ass in a sling. It was very well marked, very well done and splendid. She gave it a score of **5 out of 10**.

Killer was asked to give a short cutters walk as he turned back early. He said that he turned back early because his ankles were hurting (it was suggested that he spends less time holding his ankles). No score was given by Killer

Retuning runners were then called for with Structure Fucker, Smooth Ride and Pleasure Island asked to explain their reason for being absent from Hash. Structure Fucker said that he was visiting his brother in NSW, Smooth Ride said that she was spending her kid's inheritance tripping around Canada and Pleasure Island basically has no excuse at all. She was just being slack and was told that just because Heart Starter wasn't here, that she could still come to Hash by herself.

Charges were then called for as below.

Charges	Awards
Pounda – charged by FIGJAM for saving the walkers from getting lost at the last turn and then boasting about it.	Big Dick – Pounda had possession of this and as it was awarded to Titus the previous week, it was given back to him as he had left it at Killer's place last week. He is just lucky that it wasn't given back to him in a block of ice.
Pleasure Island – charged by FIGJAM for something about ciders in water.	Two Dicks – Dog gave these to Cheesecake because he hasn't learnt Flower's name yet.
Ryvita and Vampire – charged by Pounda for not shutting up during the run instructions, causing them to go the wrong way right out the front of Cheesecake's house and getting lost straightaway. They had to come back to home and ask Cheesecake's wife for directions.	Grub shirt – Dog gave this to Pleasure Island for helping him out with his jacket.
Sherbet – charged by Pounda for turning up early this week in time for the walk instead of after everyone has already left on the walk.	The Bone – Ryvita gave it to Cheesecake for allegedly giving false run instructions and getting her and Vampire lost at the start of the walk.
Cheesecake – charged by FIGJAM for blatantly lying about the run and saying that the run was all downhill.	
Ned – charged by Flower for having the small balls award and jumping in the pool after the run. He forgot it was winter.	
Dog – charged by Pounda. Dog actually deserves a drink tonight as the walkers had to do two checks before the runners caught up,	

and Dog got both of them wrong. Sherbet then added that for the last two weeks she has helped Dog put his jacket on, but tonight he was helped by Pleasure Island instead. Sherbet was given a drink for dereliction of her duties in being too slow to help Dog tonight.	
Dog – charged by FIGJAM for two timing at Hash and not telling Pleasure Island that Sherbet normally helps him with his jacket.
