## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

### Run 2354

#### Hare's – Titus

A small but rather demented group of 13 Hasher's gathered in the lower valleys of rural Dayboro on a very cold and windy Monday night, just so they could endure some fresh trail set by Titus.

At 6.30pm, quiet was called for to receive the run/walk instructions. On out the front gate and up the hill (like that was a surprise). Take a torch with you as there is some bush. Awesome, we all like some bush every now and then.

#### The Run

There were only two runners this week (Chunda and Cheesecake) who both tore off at a million miles an hour and were never seen again for the whole run. Judging by the trail though and the arrows on the main road diverting them up a hill away from the walkers, I'd say they got to experience the best of the hills that Dayboro could offer.

#### The Walk

There were eight brave (or stupid) walkers (nine if you count Tika) who set off on the trail, followed by the Hare who kept darting off on other roads and didn't go down a single hill all night, ensuring that he didn't have to come back up again. We turned left on the main road, walked up a bit and then turned left again down a steep hill. We all know that what goes down must come up again and that it did, only to go down again before coming back up again through the bush that we were promised on a fire trail (just wasn't the bush I was thinking of). We eventually came out on another back road where we found the Hare. From there it was back out onto the main road to dodge all the traffic and a long downhill stretch to home.

## The Circle

The GM called the circle to order and Tail, in Smooth Ride's absence was asked to give a run count. One more than last week was the call. **ONE JOB**

Titus was summoned to the middle to answer for his crimes, but before he could get to the middle, Dog started waving a bag around with a fresh poo. He asked where the bin was and I think he was sent back out the driveway and up the hill to deposit it in the neighbors bin.

Cheesecake was asked to give a run report (again). He said that Titus must have known what a few crazy hashers did on Sunday, because he gave us more bloody hills to go up. And then he gave his favorite saying that hills are your friend (BULLSHIT). He gave it a score of **1 ½ out of 10**.

Structure Fucker was asked to give the walk report – He said that is was shithouse, too many bloody hills. It was all up hill with plenty of arrows if you could find them. Apart from that it wasn't too bad. He gave it a score of **2 out of 10**.

Hooker was asked to give a security report – She said it was below ten degrees and that it was too cold for everyone and that they should get the fuck home. She gave it a score of **0 out of 10**.

**Total of 3 ½ out of 30.**

The GM shook the circle up this week and called for awards first up. See below for details.

Retuning runners were called for with Dog, Illegally Blonde and Hooker being called forward. Dog, Illegally Blonde and Tika had been off touring around the South Qld country side for a couple of weeks in their caravan. Hooker is a Thirsty Hasher who apparently only comes on a full moon. Maybe we should call her werewolf.

Charges were then called for as below.

Charges	Awards
Chunda, Pounda and Cheesecake – charged by Cheesecake for accepting Cheesecake's invitation on his annual Cheesie's Challenge bike ride and riding 75km from Kallangur out to Dayboro and up Mt Mee and return. Pounda said that he didn't accept anything and that he was peer group pressured into doing it. Crazy pricks.	Big Dick – Tika had this and asked Dog to award it to Cheesecake. He has finally found some modern technology and gotten a new bike that has disc brakes. And he got to use them coming down Mt Mee on Sunday.
Ryvita – charged by Ten Fingers for having a little day of excitement and finding a koala in the tree in her front yard.	Two Dicks – Titus had these and decided to give them to Structure Fucker for not paying attention and going out without a light. This could've been reversed as he did actually have a light, but the GM decided to let it stand.
Dog then told a joke about a man who had a blind girlfriend who said that he had the biggest penis that she ever felt. He said no he hasn't and that she was just pulling his leg.	Grub shirt –Why Not still has this and was predictably missing from Cheesie's Challenge on Sunday as well.
Ten Fingers then told a joke that for physiological reasons and for the safety of others, can <b>NEVER</b> be repeated.	The Bone – Sex Change still has this.
	The Walking Stick – Sister Sludge had this but as she wasn't there, Purple Bush had the task of given it away. She gave this to our cripple for the night in Hooker.
