HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2360

Hare – Tail

A decent size pack of 19 Hashers assembled around the covered pergola in Grinstead Park at Enoggera for yet another Tail adventure. When I got there, at first I thought I was in the wrong place as there was a large group to one side doing exercises. I knew this couldn't be the Hashers, so I had to look around a bit further and found the Hashers huddling under a well lit up pergola.

At 6.30pm, quiet was called for so Tail could give the instructions for the run/walk. Trail is on that way and there is no separate trail for the runners (so you will just have to run the course twice). After a bit of further direction, trail was found going down a set of stairs and heading for the bike path. Once on the path we had to dodge 1000 odd push bikes coming home from work in the dark.

Eventually everyone made it back safely.

There was an issue once we were back though, in that one of our Hashers had put his car keys on top of the front wheel for safe keeping, only to find them gone when he got back (more to follow on that one).

The Run

The run pack consisted of 2 runners being Strong As and Sister Sludge who set off like startled gazelles. Eventually they were joined by B1 and FIGJAM who arrived a little bit late to Hash and had to play catch up. After briefly losing trail and running a km or so further to the shopping center, they circled back to find trail again and found their way home.

The Walk

About ten or so walkers set off on the same trail as the runners, following the bike path along the Kerdon Brook while dodging all the bike riders returning home from work. Some of the bike riders clearly didn't have bells on their bikes, as the group I was walking in almost got hit from behind several times.

We crossed over the Kedron Brook and kept heading west for a while before crossing back over the Brook again, only to lose the trail almost immediately. We decided to make our own trail for a while until we eventually stumbled back upon the trail on Pickering St, which then led us back home. The total length of the walk was 5.77km.

The Circle

The GM was away so Pounda took charge and called the circle to order and Smooth Ride gave the run count. There was one notable run this week, with Tail chalking up 300 runs.

The acting GM called for Tail to be in the center to receive her medicine for being the Hare.

B1 was asked to give a run report - He said that it was magnificently set, bloody beautiful and he found the way at every point until he didn't. He said that he would give it a point for every arrow that they saw. He gave it a score of **1 out of 10**.

Jake the Peg was asked to give the walk report – He said that having a pair of eyeballs in his head that he saw every single arrow just like the Hare. Terrific walk with way too many hills. He gave it a score of **0 out of 10**.

Illegally Blonde was asked to give a security report – She said that it was very safe and so riveting that they watched a pot boil while talking about next year's Inter Hash. She gave it a score of **3 out of 10**.

Total of 4 out of 30.

Retuning runners – there were a few this week in Sister Sludge, Rabbi and Raw Liver.

Sister Sludge started off by trying to give a heap of excuses for not coming to Hash, until she eventually settled on the reason that she really had no reason at all and she was just lazy.

Rabbi said he was in the Solomon's, before that the Caribbean and before that he was dealing with his dodgy hip.

Raw Liver said that she had to look after Rabbi so that's why she has been absent.

The circle was then handed over to a stand in RA in Why Not, and charges were then called for as below.

Charges	Awards
Why Not – charged by Why Not for wearing new shoes to Hash so he had to drink out of one of them. And when one GM drinks, all GM's drink so Flower and Jake the Peg had to join him.	Big Dick – Ryvita has this and was MIA.
Tika – charged by Jake the Peg for rating the walk very poorly by crapping while out on trail. A proxy was sourced by getting the Hasher that looks most like her and Tika chose Floater to have a drink.	Two Dicks – Titus had these and awarded them to Illegally Blonde for not taking her job as Hash security seriously and allowing Wrong Way's car keys to be stolen.
Structure Fucker – charged by Pounda for buying a new car with all the bells and whistles on it and then upon picking it up from the dealership, drove to the nearest place to buy a UBD map as he couldn't work out the Sat Nav.	Grub Shirt – Heart Starter has this and was MIA.

FIGJAM – charged by Bitter Relief for not organizing his sex life properly, causing B1 to be born 10 mins too late which caused him to be 10 mins late to Hash tonight.	The Bone – Vampire has this and was MIA.
Tail – charged by Ten Fingers for setting the trail on a bike path and nearly getting Ten Fingers run over. A bike came up behind him and the rider yelled out 'MOVE OVER STUPID'. How did he know Ten Fingers name.	The Walking Stick – Vampire has this and was MIA.
Wrong Way – charged by Pounda for being too trusting of the locals and leaving his car keys on top of the front wheel while he went on the walk. Only to get back and find that his keys were gone.	
Tail was given a drink for her 300 th run.	
A few jokes were then told to finish the circle off.
