HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2363

Hare's – Why Not & Bitta Relief

There were 15 brave souls who attended Hash this week in a new area that we probably haven't run in for a while. We arrived to this new address thinking we were running from a house, only to find a caravan in the street that could potentially be Why Not's home, or at least his dog house when he is in the shit.

At 6.30pm, everyone was sent out the front for the run/walk instructions. On chalk, poo paper and flour and the first bit of trail is about six feet away and we were off, down the end of the street only to see the runners coming back again. What the bloody hell is going on here.

The walkers were to continue on while the runners had to do a few U-turns before the eventually sorted themselves out.

Eventually everyone made it back safe and sound.

The Run

The run pack consisted of three runners being Strong As, Why Not and the GM. They seemed to spend the first part of the run going around in circles before eventually catching up with the walkers and joining them for the last part of the trail. Unsure how far the run was as no one told me the distance.

The Walk

Ten of us set off on the walk with another coming late and doing their own walk. We went down the street and crossed some cricket ground before finding a very dodgy looking shopping trolley on the

other side covered in poo paper. Down the bike path and then we crossed the creek a few times before coming out on Pickering St and then venturing down another creek a few more times before we came out at the train station and then back home again. The total length of the walk was 4.38km.

The Circle

The GM called for quiet and called for the Hare's to be in the center and be ready to be crucified. He then decided to screw with the program and call for a walk report first (see below). Smooth Ride was then asked to give the run count. There were no notable runs this week.

The GM then gave the run report - He said that it was an interesting start to the run. All the way down the end of the street only to come all the way back again. A few on-backs to start with. All in all a good run. He gave the run a score of **-7 out of 10**.

Flower was asked to give the walk report – she said talk about rugged. Here's a poor old lady with a dicky hip and you forced her to go up and down creek beds and over rocks and through everything they could throw at her. Otherwise it was a very good trail. She gave it a score of **9.75 out of 10**.

Illegally Blonde was asked to give a security report – She said that was all very secure for a short time until Ten Fingers arrived. She gave it a score of **-2 out of 10**.

Total of .75 out of 30.

No returning runners this week.

Charges and Awards were then called for as below.

Charges	Awards
Why Not – charged by Chunda for trying to look after Pounda and giving him a short cut which Pounda refused. Two seconds later Pounda was on his ass coming down the side of the creek.	Big Dick – Vampire has this and was missing in action this week. Maybe she is enjoying the award too much.
Dog – charged by Pounda for leading the walk and missing a very crucial arrow that brought us back across the creek. If it wasn't for Bitta Relief calling us back we possibly could have ended up at Nudgee Beach.	Two Dicks – Ten Fingers had these and awarded them to Illegally Blonde for trying to make Ten fingers take his phone on the walk so he wouldn't get lost. Bloody hell Illegally Blonde, maybe we are trying to lose him on purpose.
Why Not – charged by Bitta Relief for listening to her when setting the trail and trying to get everyone lost.	Grub Shirt – Sherbet had this and was missing in action.
Dog was called in for another drink for having his phone go off in the circle.	The Bone – Flower had this and seen as how she hadn't thought about whom to give it to, she was made to keep it for another week.
Why Not was finally awarded with the Bushy Man trophy from the golf day.	The Walking Stick – Chunda had this and gave it to Structure Fucker as he tried to take his own leg off out the front of the house before the walk by running into things in the dark.
Illegally Blonde then had a late charge for Why Not as he struggles to dress himself in the morning. He brought himself some socks that had left and right on them. Bitta relief then had to join him as she had the same socks.	Why Not has been away in NZ and decided to bring the GM a gift back that was inflatable and had batteries. But this was confiscated at the customs check. Bitta relief saved the day though with a couple blocks of NZ chocolate.
