## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

### Run 2365

#### Hare's – Jake the Peg & Snake Charmer

I sit here writing this trash tonight still trying to piece together the shattered fragments of my Saturday afternoon/night at Brewery Hash, but I will do my best.

A bit of a different run tonight in that we had to make sure that our passports were up to date as we bravely ventured south of the river into the unknown. 19 brave Hashers touched down in picturesque Murarrie at Jake the Peg's house opposite the railway line.

As this was an early run due to the public holiday, Jake the Peg called for everyone to be out the front at 5pm for the instructions. I don't really know what he said as I wasn't really listening anyway.

We were off to find all the beautiful picturesque areas of Murarrie, well at least we think Murarrie is picturesque, we won't really know as we were treated to some industrial estates, some litter strewn creek lines and some salt water flats and swamp land before coming back through the same industrial estate and back across the train line to home.

Eventually everyone made it back safe and sound, only to find 3 more Hashers that couldn't read and didn't realize that it was a 5pm run.

#### The Run

The run pack consisted of the Jams and Chunda. They spent run trying to ensure that they kept ahead on the walkers. I don't know if they did as I was way out the back trying to ensure they all the walkers made it back. The run distance was 6.2km

## The Walk

The walk was set on the same trail as the runners with a few little short cuts here and there. Around the back of the Ingham's factory through the swap marsh's and back along the train line back home again. The total length of the walk was 5.21km.

## The Circle

The GM called for quiet and asked Smooth Ride to give the run count. No notable runs this week.

The GM then called for Jake the Peg and Snake Charmer to be in the middle to face the music.

FIGJAM was asked to give the run report - He said that for a run that he thought would be around one park and maybe the next park, it was well done. Well-marked, although when the trail was set on paper he had trouble working out what was trail and what was rubbish. He gave the run a score of **2.5 out of 10**.

Nokia was asked to give the walk report – she said that we didn't lose enough people however they had a few run ins with some large mozzies and crocodiles but we got through to the end. She gave it a score of 1/3 of 6.9 which worked out to be **2.3 out of 10**.

**Total of 4.8 out of 20.**

Returning runners this week were Boot Rooter, Skid Mark and Sherpa.

All three of them said that they have been on the south-side for a while. Rather piss poor excuse if you ask me.

Charges and Awards were then called for as below.

<b>Charges</b>	<b>Awards</b>
Ryvita and Nokia – charged by Pounda for missing a very important bit of trail and going completely the wrong way causing their walk to be a bit longer than the rest of us.	Big Dick – Strong As had this and awarded it to Pounda for picking on her about being late.
Tail – charged by Smooth Ride for not having a life and turning up to Hash on Thursday, Saturday, Sunday and Monday. Now if she only had time to fix her damaged car.	Two Dicks – Illegally Blonde had these and was missing in action.
Boot Rooter tried to charge the RA for getting shit faced on Saturday at Brewery Hash but seen as how the GM was with the RA and that is a normal Saturday night for him, the charge was revered and Boot Rooter had to take his medicine.	Grub Shirt – Smooth Ride had this and somehow got away with not bringing it to Hash.
Jake the Peg – charged by FIGJAM because he thought that we couldn't handle the run. Well FIGJAM found his handle and brought it back to him.	The Bone – Ten Fingers had this and tried to give it to Singapore Sling. But seen as how he couldn't remember his name he was made to keep it.
Ryvita – Charged by Ten Fingers for gathering next week's dinner and picking some tomatoes out on the run. Jake the Peg was made to join her as he set a run through the tomato plantation and made the RA go through it. Everyone knows the RA is allergic to tomatoes.	The Walking Stick – B- had this and gave it to Jake the Peg to use on walks instead of his walking frame that was around the back of the house.
Boot Rooter, Structure Fucker and Strong As – charged by Jake the Peg for not being able to read a sun dial and turning up to the run late.
