## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

### Run 2378

#### Hare's – Overproof & Heart Starter – Birthday Run

With Covid still making its way around we still managed to get a good crowd of 17 Hashers to tonight Birthday Run at Overproof's and Heart Starter's abode in downtown Kallangur. Both the Hare's had a birthday the previous week and after a big weekend out camping to celebrate this, it was an amazing turn around to host a run the next day.

At 6.30pm, Overproof sent everyone out the front to give the run instructions. He said that trail was marked on chalk and was potentially under trees so make sure you look for them arrows and we were off.

#### The Run

There were only three runners this week being Cheesecake, Chunda and Sex Change. They managed to get away from the walkers after a quick journey around the Leagues club carpark trying to locate the trail, and were only seen one more time out on trail, when they snuck up behind the walkers.

#### The Walk

The walkers went left out the driveway, through the Leagues club carpark and over ANZAC Ave and Gympie Rd to continue through the back streets towards Lillybrook Shopping Village.

From there it was through a couple more streets and pathways to School Rd where all but three walkers in Jake the Peg, Structure Fucker and Pounda opted to take the easy option and follow the SCB trail back home.

The elite walkers continued east through more off Kallangur, past the GM's house and through Kallangur Fair Shopping Center car park before making their way home via Goodfellows Rd.

The run was 6.6km and the walk was 5.66km

### The Circle

The GM eventually got the circle started after waiting on the RA to conducted some important business via emails.

Smooth Ride was asked to give a run count and Overproof & Heart Starter were called into the middle to face the firing squad.

Sex Change was asked to give the run report – He said that there was some false advertising finding arrows under little trees did not exist. There was however some arrows underneath some car tyres. He gave it a score of **.033781 out of 10.**

Jake the Peg was asked to give the walk report – He said that it was very lonely out there and he did see a soul as he was out the front on a mission to get back to the bucket. Great trail, saw all the arrows and even had to look at a pretty young lady waiting at the traffic lights which was tough. He gave it a score of **.77 out of 100.**

Beat-a-Root was asked to give the Security report - She said it was great, she walked from the kitchen to a chair and it was lovely. She gave it a score of **10 out of 10.** Bloody hell, I think I need to have a chat with her.

**Total of 10.803781 out of 120 (and people wonder why I drink)**

Returnees were Generic, Structure Fucker and Floater, all with some piss poor excuses for not coming to Hash.

Generic has been on her back a bit fucked, Floater managed to escape the spell of Coco and Structure Fucker has no vehicle after a skippy managed to redecorate his 3 week old ute.

Sex Change was called out for his run count of 111, turns out he has three legs after all.

The floor was then thrown open to Charges and Awards as below.

Charges	Awards
Overproof and Heart Starter – charged by Chunda for putting on a camping trip for Overproof's 60 <sup>th</sup> birthday, including 92mm of rain on the first night which managed to cause havoc with almost everyone's sleeping arrangements, except for Cheesecake who's \$99 Aldi tent was dry as a bone.	Big Dick – Jake the Peg had this and gave it to Structure Fucker for buying a Chinese car that couldn't handle an Aussie skippy.
Generic had a charge for Smooth Ride but it was quickly reversed for having dementia and not remembering any ones names.	Two Dicks – Overproof had these and gave them to Flower for taking the easy option of the SCB trail but eluding that she was just a quick walker.
Sex Change – charged by Jake the Peg for running past him and saying that he can't do it like he used to.	Grub Shirt – FIGJAM has this and was missing in action.
Structure Fucker – charged by Floater for over achieving and doing some chin ups before the run.	The Bone – Ten Fingers had this but left it behind at the Xmas party. It was given back to Chunda as when he eventually made it out to the camping weekend on the Saturday afternoon, it was noted that he wasn't having a beer straight

	away. When he eventually had a beer, it felt like it had bones in it, as he had a big night the night before.
	The Walking Stick – B1 has this and was missing in action.
