HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Hare – Ten Fingers and Chunda

The curse of the threatening storms scared a few people of this week, but we still managed to get 15 Hashers along to Ten Fingers place for what was a good rain free run.

At 6.30pm everyone was sent out the front for the run instructions from Ten Fingers. It's off that way he as he had no idea where the trail was actually going; this was because he managed to rope Chunda into setting the run for him at late notice. Chunda had set off on his bike about 20 minutes before the run so we were off to chase him down.

A short walk this week of 4km.

The Run

There were four runners this week being B1, Sex Change, FIGJAM and a surprise runner in Structure Fucker. They set off in the hot conditions hoping to try and catch the live hare on his push bike. The Hare caught them though as he circled back around again. Everyone made it back safely, even Structure Fucker without getting lost this week.

The Walk

We were off through the local back streets, up a small hill and off to ANZAC Ave, then through some more back streets and parks before popping out back onto the road just next to Ten Fingers place. Everyone made it back safely, although some did manage to take a bit of a short cut.

The Circle

The GM called for quiet and asked Smooth Ride to give a run count. Ten Fingers was called in the center to be stoned to death and the GM had to join him as he was roped into setting the run at the last minute.

Structure Fucker was asked to give the run report – He said it was pretty good and just the right distance for him. There were a couple of things though; some prick kept going past on a bike with no lights on. He gave it a score of **3 out of 10**.

Heart Starter was asked to give the walk report – She said that it was fucking shit. She had her suspicions when she was driving to Hash and seen some fella on a push bike riding along and stopping every now and then to lean down and write something on the ground. The fella looked suspiciously like Chunda. She gave it a score of **3.99 out of 10**.

No security report this week.

Total of 6.99 out of 20

No special runs this week, although Pounda did rack up 333 which is half a devil. Chunda reckons he is a full devil though.

No returnee's this week.

We had some lost property and the GM was straight onto it with charges for Flower for leaving some shoes behind at the weekend and Smooth Ride for leaving behind a rubber mat.

The floor was then thrown open to Charges and Awards as below.

Charges	Awards
Chunda – charged by B1 for leaving a thong behind on Aussie Day. Either that or he found a thong.	Big Dick – Ryvita had this forgot to bring it, so she had to have a drink anyway.
FIGJAM and Structure Fucker – charged by Sex Change. FIGJAM for having no concern about Structure Fucker's health and goading him on to run faster. And Structure Fucker failing to realize that he is not 20 years old anymore.	Two Dicks – Ten Fingers had these and gave them to Cheesecake for returning after his shoulder injury.
Overproof – charged by FIGJAM for having a new job. Apparently he has taken up hair dressing and finally finished off the half a haircut that he gave Heart Starter before Xmas.	Grub Shirt – Smooth Ride had this and awarded it to FIGJAM for running past her and saying 'NICE SHIRT'. He clearly wanted it.
Smooth Ride – charged by Sex Change for being over competitive and running with the runners for a short time.	The Bone – Floater had this and was missing in action.
	The Walking Stick – Structure Fucker had this and awarded it to Ten Fingers for not being able to set his own trail.
B1 told a joke that was definitely at Ten Fingers standard and was told to get in the middle for his mistake.	

Next Week's run – Run No. 2385 - 5 Feb 24.
