HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2386

Hare's – Ryvita and Jake the Peg

It was back to the familiar hunting grounds of Kallangur this week at Ryvita's, with Ryvita down to set the run and Jake the Peg down to do the cooking. Or was it the other way around, who knows. Anyway we had 15 hardy Hashers turn up for the adventure of it all. Either that or they had nothing better to do on a Monday night.

At 6.30pm, everyone was sent out the front where Jake the Peg gave some very brief run instructions. He said something about trail being under street lights or something to that effect. We were off, everyone except Ryvita who was holding the fort and cooking up a storm at the same time.

The walk this week was 4.77km. I have no idea how far the run was because FIGJAM failed to tell me. Which is strange because he normally has no problem in telling anyone what he thinks.

The Run

There were only two runners this week being the father and son duo of B1 and FIGJAM. They went off on the same trail as the walkers and were seen on several occasions, running around in circles trying to figure out if they were on the right trail or not, as Jake the Peg had them doing extra loops all over the place.

The Walk

We had 12 walkers this week with all but two of them doing the whole walk. Down through the park dodging several Woolies trolleys and then up some lane ways between houses, managing to find every hill in Kallangur before working our way back to home again.

The Circle

The GM was away so Pounda once again took charge and called the rabble together and asked Smooth Ride to give a run count. We had one special run this week with Jake the Peg racking up 200 runs.

Ryvita and Jake the Peg were called to the center to be punished for their crimes.

FIGJAM was asked to give the run report – He said that it was an interesting run. With many loops and false trails that weren't marked off by the walkers. Other than that it wasn't too bad. He gave it a score of **4 out of 10**.

Overproof was asked to give the walk report – He said that it was a wonderful walk out into a different area of Kallangur with the promise of a different root and he delivered. An awesome walk. He gave it a score of **8 out of 10**.

Smooth Ride was asked to give an extended letterbox report – She said that she was amazed with all the lovely trails through the forests and along the creeks and she had an ex local in Vampire to keep her company. He gave it a score of **.5 out of 10**.

Total of 12.5 out of 30

There were two returnee's this week being ET and Singapore Sling.

Apparently they were on grandchildren duties down south.

Smooth Ride was called out for her 18th birthday later this month as she will be away. As she only a birthday once every four years, she has finally come of age and turned 18.

The circle was then handed over to a stand in RA in Ten Fingers and the floor was then thrown open to Charges and Awards as below.

Charges	Awards
Pounda – charged by FIGJAM for stuffing up the trash and not changing his copy and paste.	Big Dick – Raw Liver had this and was obviously enjoying it as she was missing in action.
Jake the Peg – charged by Pounda for saying that all the arrows were under the street lights and then putting an arrow directly behind a light pole where you couldn't see the arrow because of the shadow.	Two Dicks – Cheesecake had these and was trying to work out how they could make his dickie knee better so he could turn up to Hash next week.
Bitter Relief – charged by Overproof for doing a little run that looked like a girl skipping along. Obviously Why Not has been teaching her how to run.	Grub Shirt – Bitter Relief had this and was going to award it to Why Not for being the Golden Child as he never gets in trouble for anything. But as he will be away for a while, she decided to give it to his doppelganger in Singapore Sling. They almost look like father and son.
Vampire – charged by Jake the Peg for being Captain Obvious and saying to Overproof (while giving him some garlic dip) that if he has some of it that he won't get anything from Heart Starter when he gets home.	The Bone – Strong As had this and was working out how she could incorporate this into her next run.
	The Walking Stick – Floater had this and was putting it to good use around the old people's home in Mooloolaba.
There were a few jokes told, some were good and some were terrible.	Jake the Peg had a special award of a crown made from 500 ring pulls and gave it to Why Not, as he found these 500 ring pulls in his car after the Xmas party.
