HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2393

Hare's – B1 & FIGJAM

It was a wet Monday evening as the dust of the AGPU had settled (the rain certainly helped it settle anyway). We ventured halfway back to the Sunshine Coast to the Jam's abode in the sleepy hollow of Burpengary. It was so wet, that when we arrived and drove up the driveway, we stopped to ask if it was safe to drive on the grass. Imagine my skepticism when the Hasher that met us was B1 and he said it was safe to drive onto the grass, we know how that worked out for Why Not at the AGPU.

There were 14 'mad as a cut snake' Hasher's that turned up to see what the new GM and RA could offer. The RA failed in his first job, as he didn't organize for the rain to stop and the GM forgot to call for awards in the circle. Oh well it was their first Hash run as leaders so it can only get better (we hope).

At 6.30pm, quiet was called for and B1 said that he had set a wonderful trail and that everyone needed to follow him or they would get lost. As it turned out he set the trail as we walked along as it was raining right up to and into the run.

The Run

There were no runners this week as no one could be buggered to go for a run, especially in the rain. Strong As turned up after we had left on the walk and ended up doing her own little run so she could justify the long drive out.

The Walk

The rest of the crowd went off on the walk and followed B1 one around on what turned out to be a very nice relaxed and slow walk of 3.08 km. The only bad part was B1 led us out onto the road that the pub was on, walked us towards the pub and then turned left before we got to the pub. So we didn't get to go to the pub. Sacrilege I say.

The Circle

Our new GM got us underway and was keen to impart his wisdom onto us and ensure that we all followed the new regime of Ten Fingers and Why Not.

He called for Strong As to tell us what the tonight's run number was. One more than last week.

He then welcomed us all, hoped that we all have a good year under his leadership, and then immediately apologized in advance for any fuck ups that he may do during the year. The RA assured him though that if he did fuck up that he would appropriately deal with him, either that or they would both be on the ice.

The AGPU non attendees were then called forward for a drink for being slack arse bastards and not coming to the AGPU. Tight Arse (Titus) and Ryvita.

He then asked Pounda to give the run count.

There were no milestones this week.

B1 and FIGJAM were then called to the middle to the middle to be stoned to death for their sins.

Strong As was asked to give the run report – She said that she got here late. She tried to follow the trail but went the wrong way out of the driveway so ended up doing her own run up to the school and back. She gave it a score of **3 out of 10**.

Structure Fucker was asked to give the walk report – He said that it was bloody good, well-marked, no hills, a couple of spots to get the shoes wet but a good walk. He did get a shock though as he thought he was the sweeper and then while they were standing at the first re-group, there all of a sudden appeared a couple of Hashers up the top of the hill in Chunda and Pounda. It turns out that he wasn't last after all. He gave it a score of **2 out of 10**.

Total of 5 out of 20

The circle was then thrown open to Charges and Awards as below.

Charges	Awards
Strong As – charged by Why Not for being late to Hash. Apparently she left 6 hours earlier but got stuck in traffic.	Big Dick – Ryvita had this but the GM and RA forgot to call for the awards.
Pounda – charged by Why Not for saying to him before the run that as the new RA he only had 5 mins to sort his shit out and stop the rain before the run. Why Not joined him for a drink as it was a very close call.	Two Dicks – Ten Fingers had these but the GM and RA forgot to call for the awards.
FIGJAM – charged by Why Not for subjecting us all to his nude body at the AGPU. There are some things that just can't be unseen.	Grub Shirt – Overproof had this but was missing in action.
Pounda – charged by Why Not for getting stuck in the mud at the AGPU, as he couldn't get his camper trailer out and had to be winched out by Chunda. Chunda then joined him for a drink as he got a little bit bogged trying to get his camper trailer out as well. At least he managed to get himself out though.	The Bone – Chunda had this and there was a bit of a story about it but it will have to wait until next week.
Ryvita – charged by FIGJAM for bragging that she didn't get wet at the AGPU because she didn't go.	The Walking Stick – Sex Change had and was missing in action.

B1 – charged by Chunda for the old trick of tying zip ties around his tail shaft on his car at the AGPU. The sound went something like ‘tink, tink, tink, tink’	
Ten Fingers – charged by Pounda for trying to take Structure Fucker out at the AGPU with the jockey wheel on the port-a-loo trailer.	
FIGJAM – charged by B1 for not following instructions at the AGPU with regards to the toilet light, he had to have a crap in the dark.	
No jokes were told this week.
