HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2404

Hare – Bitta Relief

We were off to the happy suburb of Gaythorne this week to the abode of Bitta Relief. We had 16 happy Hashers this week and most didn't want to leave the sanctuary of the fire pit that was burning away in the cold air.

At 6.30pm, Bitta Relief sent everyone out the front to give the run/walk instructions. I didn't hear what was said but suddenly everyone went upstairs to what I was told was a drink stop. That's right a drink stop at the start of the trail. Who would've thought?

The Run

There were four runners this week being the Jams, Strong As Shit and Chunda. They were sent off on a different trail to the walkers heading towards Brookside Shopping center before doubling back along the Brook cycle path. They then crossed the Kedron Brook heading up besides the sports ovals and then heading towards Enoggera train station before following the tracks back to Gaythorne train station then up over the train line and heading back home again.

The run was **6.39 km**.

The Walk

The walkers set off on a different trail to the runners to start with before following roughly the same trail as the runners to Enoggera train station and then to Gaythorne train station before heading home again.

The walk was **4.54 km**.

The Circle

The circle was called and the both the GM and RA found their way back to Hash so it was a rare event.

Pounda was asked to give the run count with a special run this week with Smooth Ride racking up 700 runs. Don't know how many of those 700 runs that she has actually left the start point, but I would think it was at least half.

We had one returnee this week – our illustrious RA Why Not. He said that he has been to NZ and Melbourne. I thought that was like the same thing.

Bitta Relief was then called to the middle to be stoned to death for her crimes.

Strong As Shit was asked to give the run report - She said that it was pretty good, dark in some spots and there was bush. She got one foot wet and they lost trail at one stage but managed to find it again. She gave it a score of **7 out of 10**

Structure Fucker was asked to give the walk report – He said that it was bloody good, they walked out and walked around and then came back again. He gave it a score of **3 out of 10**

Smooth Ride was asked to give a security report – She said it was fantastic; it was tight as tight, all good. She gave it a score of **10 out of 10**

Total of 20 out of 30

The circle was thrown open to Charges and Awards as below.

Charges	Awards
Bitta Relief – charged by Jake the Peg for having the best ever drink stop at the start of the run/walk.	Big Dick – Tight Arse had this and forgot to bring it so was awarded a drink for his trouble.
B1 – charged by Chunda for running straight over the top of trail and missing it.	Two Dicks – Cheesecake had these and was missing from Hash as he is still trying to work out how to use them with only one arm.
Structure Fucker – charged by Pounda for the return of the mythical creature in Structure Fuckers car that has been in the panel beaters for 7 months.	Grub Shirt – Little Squirt had this and was missing in action.
B1 – charged by FIGJAM for hiding in the grass to try and scare the other runners. Problem was he was wearing a bright red shirt and stuck out like a turd in a punch bowl.	The Bone – Structure Fucker had this and decided to keep it for another week.
Ten Fingers – charged by Chunda for misplacing his GM mug at the AGPU. It was finally returned.	The Walking Stick – B1 had this and couldn't decide who to give it to so he was made to keep it for another week.
Tail – charged by Jake the Peg for having a three day bender for her birthday last week and forgetting the PIN for her phone.	
There were a few jokes told tonight, some better than others.
