## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

### Run 2422

#### Hare – FIGJAM & B1

It was off to Kallangur tonight for the GM's run, or was that Chunda's run? In true form the GM outsourced a Hare at the last minute and Chunda was set off early to set a run/walk, hoping that the pack didn't catch him. In true Chunda form though, the pack had no hope in catching him.

At 6.30pm, everyone was sent out the front for Ten Fingers to give the run/walk instructions. I don't know why he even bothered though because he had no fucking idea which way the trail was. Luckily there was an arrow right in front of the driveway and we were off.

#### The Run

There were four runners tonight being FIGJAM, B1, Little Squirt and our visitor Cum Too Early. Off up the hill in front of the walkers to get the first check. There was immediate confusion though when FIGJAM forgot to put his hearing aids in and marked off the wrong trail after hearing what he thought was a call from B1 who went straight ahead. Instead it was off to the right and down the ally and onto the pathway between the houses and the creek. From there it was all through the pathway with lots of checks and a few re-groups as well. - **The run was 5.11 km**

#### The Walk

The walkers set off on the same trail as the runners with the runners doing all the checks and false trails which enabled the walkers to have a nice leisurely walk around Kallangur. Along some pathways, around the back streets, past Vampire's old place, through the pub car park and across ANZAC Ave before going past Chunda's place, where it was discovered that one of the runners had marked his driveway with a compliment (see picture below). - **The walk was 5.11 km**

## The Circle

The GM called for a circle and got things under way and anointed Singapore Sling as his RA for this week.

Pounda was asked to give the run count with one notable mention this week with B1 notching up 150 runs.

Our visitor from last week Cum Too Early, came back again as he clearly enjoyed the previous weeks entertainment.

There was only one returnee this week. Ryvita graced us with her presence after being slack and not coming to Hash.

The Hare's (the brothers from another mother – Ten fingers and Chunda) were brought into the center for one of them to be punished at least.

FIGJAM was asked to give the run report – He said that it was a great run, even with five re-groups. Being the glamorous suburb Kallangur, they found a dead Karcher and a bag of cat food in an alley, just the norm for Kallangur. They stopped at the drink stop at Chunda's but couldn't find the rum so they pissed off again. He gave it a score of **2 out of 10**

Singapore Sling was asked to give the walk report – He said that it was a good walk with lots of re-groups and plenty of arrows until the very last turn where there was no arrow. He gave it a score of **2 out of 10**

Ground Sheet was asked to give the security report – She said that it was lovely and quiet, looking at the stars; it was quiet because Little Squirt went out on the run. She gave it a score of **4 out of 10**

**Total of 8 out of 30**

The circle was thrown open to Charges and Awards as below.

<b>Charges</b>	<b>Awards</b>
Little Squirt – charged by FIGJAM for bitching about not having a torch.	Big Dick – Tight Arse has this and was missing in action.
Little Squirt – charged by FIGJAM for still not having his licence.	Two Dicks – Tail had these but was clearly enjoying them too much at home to even come to Hash.
Pounda – charged by Heart Starter for having a moment of jealousy today. On his way to Hash he passed a car that was driving 45kmh in a 60kph zone. When he got up beside the car, he looked over at the driver who was in the process of getting oral sex from his female passenger. Oh the life of young ones.	Grub Shirt – Pounda had this and gave it to Heart Starter for dereliction of duties and not feeding her husband Overproof. We started on the walk and a few doors up Overproof spotted a skip bin, where he jumped up to have a look inside and then said, bugger no food in there.
Singapore Sling, ET, Overproof and Flower – charged by Pounda for not stopping at any of the five re-groups.	The Bone – Tight Arse has this and was missing in action.
Ten Fingers then told a joke that I can never un-hear.	The Walking Stick – Little Squirt had this and decided to keep it for another week.
	The Dummy's – FIGJAM had these and gave them to Little Squirt for complaining about not having a torch.
