HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2434

Hare – Road Kill

The Hash Scribe was away interstate for this run so I will try to write a Trash off what I have been told. As it was very close to Christmas, it was not expected to be a big crowd for Road Kill's first run as Hare since he was renamed/named officially. Still, knowing it would be a run full of hills, it still didn't perturb too many and we still managed to draw 18 Hasher's away from the TV's for the night to enjoy a night of Hashing.

At 6.30pm (I assume), quiet was called for and Road Kill gave the run/walk instructions. Absolutely no idea what was said as I was 1500km away in Victoria. I assume though that he would've said something like 'it's on chalk and it's that way'.

The Run

There were six runners for this run being FIGJAM, B1, Little Squirt, Strong As Shit, Jake the Peg and Chunda. They headed off out and found some trail, found a bit more, did some checks and regrouped and eventually found their way back to the bucket. Or I think that's what they did anyway.

- The run was 4.82 km

The Walk

The rest of the bunch (I only assume this) went out to complete a walk of some sorts. They headed off in some direction to find some trail to be able to achieve some sort of walk. Where they went and how far they went, I have no idea as I was enjoying a nice pub meal in Victoria.

- The walk was ??? km

The Circle

The GM got the circle underway with Structure Fucker as the RA.

With Pounda's absence, Flower was asked to give the run count with no notable runs this week.

There was one returnee this week being Jake the Peg who has been tripping around his motherland Britan and Asia.

The Hare was called to the center to be punished for his crimes.

Jake the Peg was asked to give the run report – He said that it was a fantastic run, a lot of traffic. He gave it a score of **5 out of 10**.

Flower was asked to give the walk report – She said that she thought that a lot of it might have been set from a car. Road Kill owned up and said that it was done by an e-bike. It was good, not too long and not too hilly. She gave it a score of **9 out of 10**.

Heart Starter was asked to give the security report – She said that they kept away everyone that wasn't supposed to be here and chased them down the road, the company was great. She gave it a score of **4 out of 10**.

Total of 18 out of 30

The circle was thrown open to Charges and Awards as below.
