## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

### Run 2443

#### Hare's – Heart Starter & Overproof

It was off to North Lakes this week for a Heart Starter and Overproof run, where Overproof was made to set the run after Heart Starter was recovering from having her backside cut off. We arrived to find her sitting on a chair with countless layers of foam padding under her to cushion her pain. There were a few dark clouds about but that didn't stop 23 Hashers turning up to see what Overproof could throw at them.

At 6.30pm, quiet was called for so Overproof could give the run/walk instructions. He said it was set on flower, chalk and toilet paper and that it even included a portal to somewhere magical. With that most of the crowd set off except for the half a dozen that were sick, lame or couldn't be bothered going anywhere.

#### The Run

There were four runners this week being FIGJAM, Jasmin, Chunda and Jake the Peg making a return. The runners set off blazing a trail for the walkers before being sent off on an extra loop and eventually catching back up to the walkers again.

- The run was 6.27 km

#### The Walk

The walkers set off chasing the runners and then did a u-turn after going through the portal which put them in front of the runners. A loop up around the lake and back down the other side before coming back out onto Endeavour Boulevard and heading for home again.

- The walk was 5.34 km

## The Circle

The GM got the circle underway with Singapore Sling once again standing in as RA.

Pounda was asked to give the run count with no notable runs this week.

There were a few returnee's this week being Sherbet, Jake the Peg and Tail. No one really cared where they have been so they were given a drink for their trouble.

Heart Starter and Overproof were called to the center to be punished for their crimes. This took a little longer as it took Heart Starter a while to peel herself out of the several layers of padding on the chair that was giving her some little hope of comfort on her backside.

FIGJAM was asked to give the run report – He said that he was sure that it took Overproof two days to set the run with the distance they had to cover. They went down and ran through the portal to come out the other side at Donald Trump's golf course. It wasn't a bad trail around the golf course. He gave it a score of **2 out of 10**.

Smooth Ride was asked to give the walk report – She said that it was a cracking pace set out on the walk until someone blew a fetlock which then slowed them down a bit. She gave it a score of **4 out of 10**.

Vampire was asked to give the short cutters walk report – She said that the short cutters was a short walk and it was around 40 mins and over half an hour (I think that is the same thing). She gave it a score of **2 out of 10**.

Lisa was asked to give the security report – She said that it fun, relaxing, nice breeze and an easy day. She gave it a score of **8 out of 10**.

**Total of 16 out of 40**

The circle was thrown open to Charges and Awards as below.

<b>Charges</b>	<b>Awards</b>
Jasmine – charged by Chunda for thinking she was a top fuel dragster and taking off like a bat out of hell before running out of fuel.	Big Dick – Little Squirt had this and was missing in action.
Lisa – charged by Ten Fingers for trying to pull a Strong As Shit and turning up just after the run had started.	Two Dicks – B1 had these and was missing in action.
Overproof - charged by Cheesecake for doing a good blowjob as we turned up.	Grub Shirt – Structure Fucker has this but was missing in action.
Overproof – charged by Jake the Peg for leaving his camp chair behind at the Aussie Day weekend.	The Bone – Beat-a-Root had this and decided to hold onto it for a bit longer.
ET – charged by Singapore Sling for taking an umbrella on the walk which stopped the rain.	The Walking Stick – ET had this and gave it to Flower for complaining about her knees being sore and not being able to walk properly.
Singapore Sling – charged by FIGJAM for making ET get him a beer. No use having a dog and barking yourself.	The Dummy's – Corn Cob had these and gave them to Overproof for having a dummy spit about his chair.
