HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2457

Hare's – Heart Starter & Overproof

It was up over the Bruce this week where we ventured into North Lakes for a Heart Starter & Overproof adventure. And what an adventure we had including some cave artwork, a vortex and some new residential estates where we tried to be as noisy as we could. The weather was beautiful with not a single rain drop in sight and this attracted 21 Hasher's to experience all that Overproof could throw at us.

At 6.30pm, quiet was called for so Overproof could enlighten us to where this adventure would take us. He said that we would go through a residential compound where we had to be as quiet as possible so as to not upset his neighbors. Shit out of luck he was. He said that the trail had a bit of everything including artwork, vortex's lakes and quiet estates. With that that pack was off like a stale bottle of grog.

The Run

There were only three runners once again being FIGJAM, Torque Wench and Little Squirt. They set off on the same trail as the walkers with a few extra loops for good measure. Halfway through Jake the Peg and Dog with Tikka in tow, thought they were elite athletes and decided to join the runners trail. This ensured that they were the last ones back to the bucket.

- **Unsure of the run distance, ie no prick measured it on Strava.**

The Walk

The walkers set off after the runners heading across Endeavour Blvd and into the unit complex where Heart Starter and Overproof lived, ensuring that we made as much noise as possible as we didn't live there.

Out the other side onto Diamond Jubilee Way and into the old golf course where we went through the vortex full of colorful cave artwork. Out into the quiet streets of North Lakes before coming out at the lake where we turned right and then entered back into the old golf grounds again. Eventually we came back out onto Endeavour Blvd again where we then headed for home.

- **The walk was 4.62 km**

The Circle

The GM got the circle underway and once again had his trusty sidekick the RA there for support.

Pounda was asked to give the run count with no notable runs this week.

There were a few returnee's this week being Jake the Peg, Dog, Illegally Blonde, Tikka, Beat-a-Root, Ten Fingers and Corn Cob. They all had varying reasons for being away, bullshit mostly.

Heart Starter and Overproof were called into the middle as the Hare's to answer for their crimes.

Little Squirt was asked to give the run report – He said it was brilliant, well-marked with beautiful artwork in the tunnel, plenty of regroupings and even a loop around a round-a-bout. He gave it a score of **1 out of 10**.

Chunda was asked to give the walk report – He said that it was fucking shit. He didn't see any of the landmarks that were promised, absolutely atrocious. He gave it a score of **9 out of 10**.

Ryvita was asked to give the short walk report – She said that it was quite pleasant with good conversation and was a good walk. She gave it a score of **7 out of 10**.

Illegally Blonde was asked to give the security report – She said that it was still dark on the outside so they had to stay under the light where there were no creepy crawlies. She gave it a score of **1 out of 10**.

Total of 18 out of 40

The circle was thrown open to Charges and Awards as below.

| Charges | Awards |
|---|--|
| Chunda was finally given a birthday drink for his birthday two weeks ago. | Big Dick – Pounda had this and gave it to Chunda for being a soft cock and not coming to Hash because he had a sore knee. So now he has a hard cock for his pain. |
| Little Squirt – charged by Torque Wench for explaining very loudly about sex with an apple pie just when a mother and baby walked past. | Two Dicks – Pounda had these and gave them to Ten Fingers for failing to duck under the post and smacking his head in the process. At least he doesn't have brain damage. You have to have a brain for that. |
| Overproof – charged by the GM for setting the run up two hills and making the GM go against doctor's orders and running up the hills. | Grub Shirt – Jake the Peg had this and gave it to Ten Fingers so he could put some ice in it and put it on his head. |
| Chunda – charged by FIGJAM for being a big sook for the last couple of weeks and gave him a bag of cement. It was reversed when FIGJAM threw the bag of cement on the ground and almost broke Chunda's leg. | The Bone – Torque Wench had this but forgot to bring it so had to have a drink for her forgetfulness. |
| Ten Fingers – charged by the Little Squirt for trying to take out the structure in the park with his head. | The Walking Stick – Flower had this and forgot that she had it. |

| | |
|---|---|
| Little Squirt – charged by Jake the Peg for not being able to reverse a trailer 10m. | The Dummy's – Bitta Relief had these but was missing in action. |
| Structure Fucker – charged by FIGJAM for trying to take out a structure (bridge) out near Ipswich. FIGJAM had to join him as he was blamed for driving the truck. | Dog then gave the GM a present from his travels in Italy. He was given an apron from Tuscany. |
