HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2468

Hare – Vampire

It was off to Redcliffe this week to our usual hunting ground at Suttons Beach, where it was Vampire's turn to Hare a run. She was smart though as she outsourced the manual labor and got Cheesecake to go and set the trail for her. And Cheesecake did well as he even found some new trail that we haven't been on before.

It was a pleasant surprise too when we got there as it wasn't blowing an absolute gale like it normally does, and because of that, we had 21 Hashers turn up to enjoy the night.

At 6.30pm, the GM called for quiet and Cheesecake gave the run/walk instructions. I can't remember exactly what was said but I did remember him saying that trail was on right. And with that the pack was off.

The Run

There were five runners this week being FIGJAM, Little Squirt, Torque Wench, Chunda and making a return was Ned. They set off along the foreshore for an extended loop before making their way up through some back streets before coming out onto Macdonnell Rd. From there it was up to Plume St Park where they caught up with the walkers. From there it was around the racecourse and through Humpybong Park and through Bee Gees Way before coming back out onto the foreshore for the long run home again.

- The run was 5.71 km.

The Walk

The walkers set off up Macdonnell Rd, and I mean up as it was a constant climb up to Oxley Ave where we continued on to Plume St Park for a right turn. Along beside the drainway and on to the racecourse and then into Humpybong Park and through Bee Gees Way, before coming back out onto the foreshore, through Jetty Park and past Settlement Cove Lagoon where we continued to follow the pathway back to Suttons Beach and home again.

- **The walk was 4.46 km**

The Circle

The GM got the circle underway with the RA by his side for one last week before he goes off on his Alaskan adventure.

Pounda was asked to give the run count but before he could Heart Starter found a song on her phone about the run number being 2468 and started dancing. She was given a drink for this heinous crime.

There was one returnee this week being Ned who has been of driving boats up and down the east coast.

Singapore Sling and Amy were called to the center for having birthdays and given a drink for their trouble.

Vampire and her accomplice the RA were then called into the middle as Hare's to be punished for their crimes.

Torque Wench was asked to give the run report – She said that the arrows were very well put out but the trail was very unoriginal and straight. She gave it a score of **4 out of 10**.

Smooth Ride was asked to give the walk report – She said that we had traffic light and roads and foot paths and was to be expected. She gave it a score of **1 out of 10**.

Sherbet was asked to give the short cutters walk report – She said that she walked done there and then came back again and it was good because it wasn't windy so she gave it extra marks for that. She gave it a score of **1 out of 10**.

Total of 15 out of 30

The circle was thrown open to Charges and Awards as below.

Charges	Awards
Torque Wench, FIGJAM, Little Squirt and Ned – charged by Chunda for running through red lights. A couple of them did it twice.	Big Dick – Overproof had this but was off at the mines making it bigger.

Torque Wench – charged by Little Squirt for trying to jump on a drain and falling over and hurting herself.	The Dummy's – FIGJAM had these and gave them to Heart Starter for complaining that Overproof had a big dick.
